

Alex Saves The Day

By: Lillie

Bright and early on
Wednesday, Alex the
butterfly got up and
ate breakfast. Then
he went to work,
pollinating the flowers.
"Hey Miss Flower!"
said Alex.

"ALEX!" screamed
Jeff the helpful
honey bee.

"What?" questioned
Alex.

"There's a wasp
that's destroying the
flowers!"

"OH NO!" yelled
Alex.

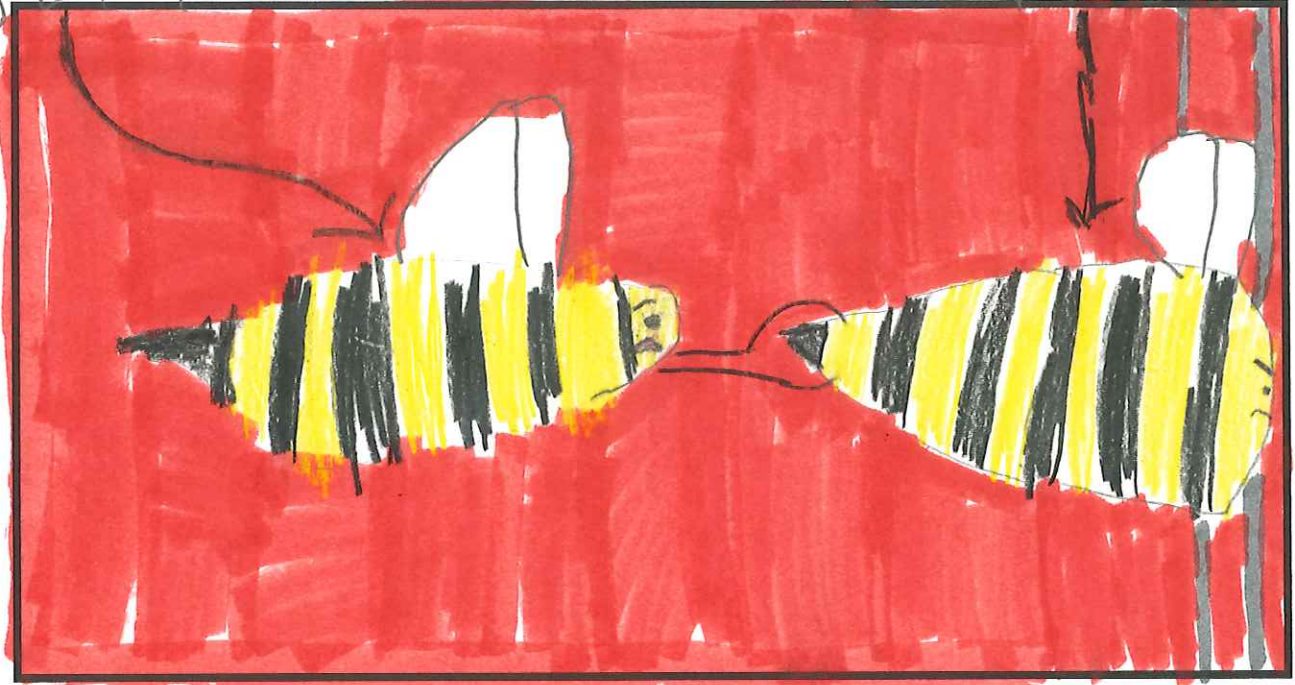

The wasp was
wreaking every flower
in sight. Alex went
to get the flower
saver, but he couldn't
find it.

He disided to
go find it when
he remepered he
left it at his house.
He got it and
then went to save
the flowers.

Jeff

was

"I'm coming to
save the flowers!"
yelled Alex. He sprayed
the flowers and they
came back alive!

Jeff took the wasp
to jail and every
one went back to
work.
