

Unicorns, Dragons, and the Knights

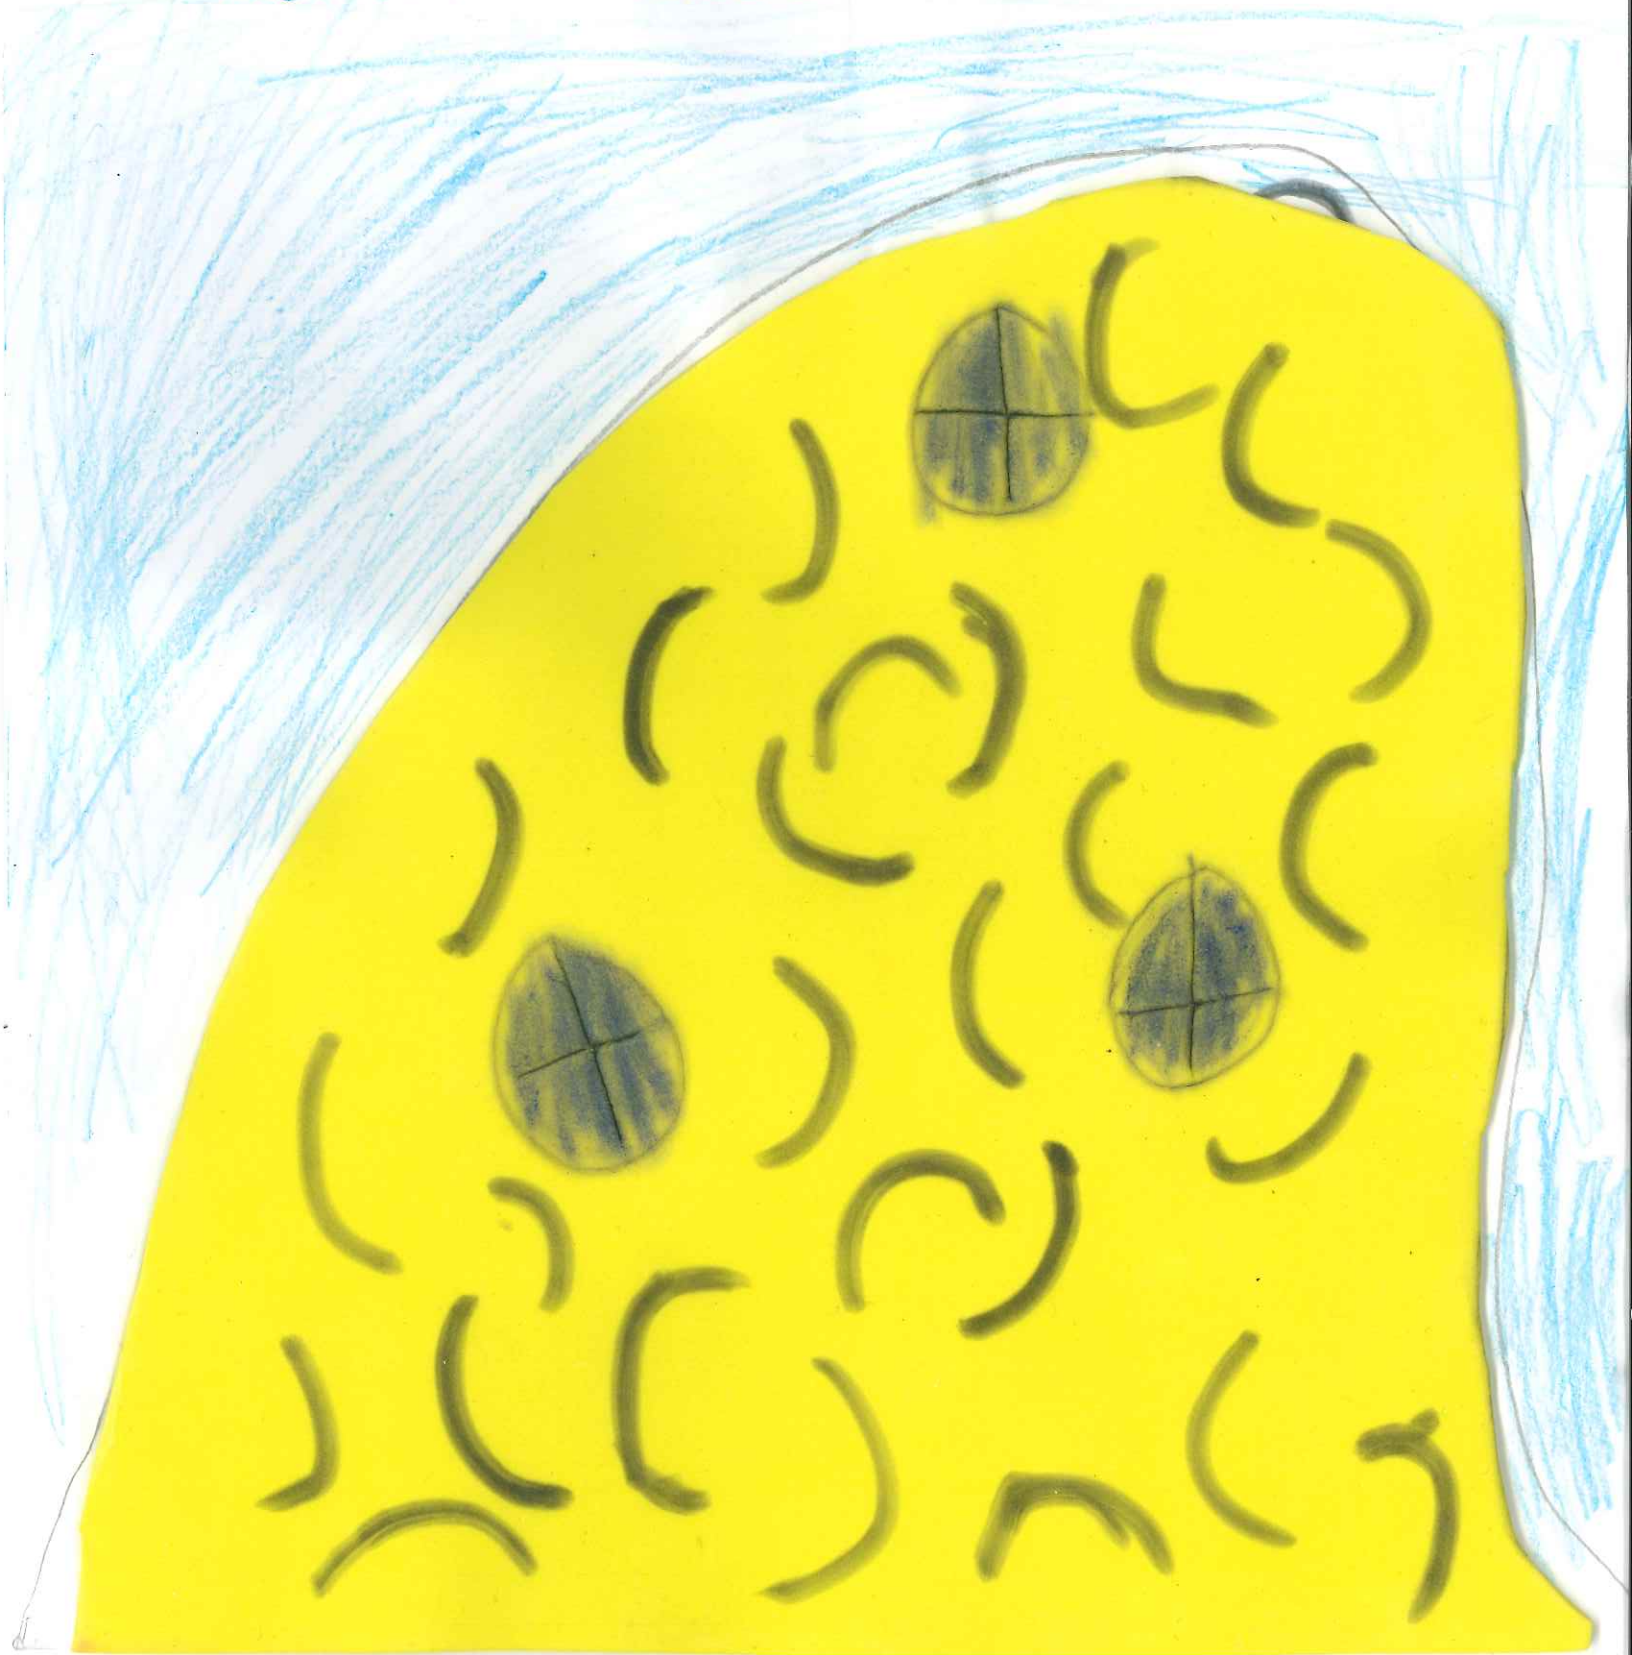

Once upon a time there were six unicorns. Their names were Rainbow, Cupcake, Puppy, Poppy, Princess, and Bunny.

The unicorn's teacher's name was Mrs. Jennings. She was the best teacher ever.

The unicorns went to school. Dragons wanted to eat unicorns. Knights had to protect the school so the Dragon's would not eat the unicorns.

Recess was their favorite part of the day because one of the unicorns knew magic. The unicorn's name was Cupcake. They also liked fresh air.

All the unicorn's were all happy in class .They made cupcake's during class. It was arts and crafts time. They put glitter on everything they saw. They always had fun at school.

The knight's were not that good at their job. Every time the Dragon's came they were scared and the Dragon's laughed at the knight's.

The knight's name's were Hayden ,and Leo, the Dragon's
name's were Clayton and Donaven.

One day the dragon's came! The knight's ran all over school ground's and tired the dragon's out and the knight's were tired too.

The next day the dragon's came back and the knight's stayed still and didn't move and were rested so they did not get tired. Then the dragon's ate the knight's, then the dragon's ate the unicorn's.

The End!
