

Shoe chase

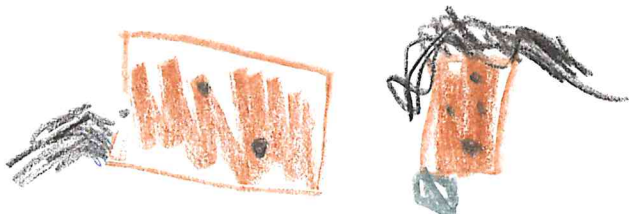

By: Haakon Nelson

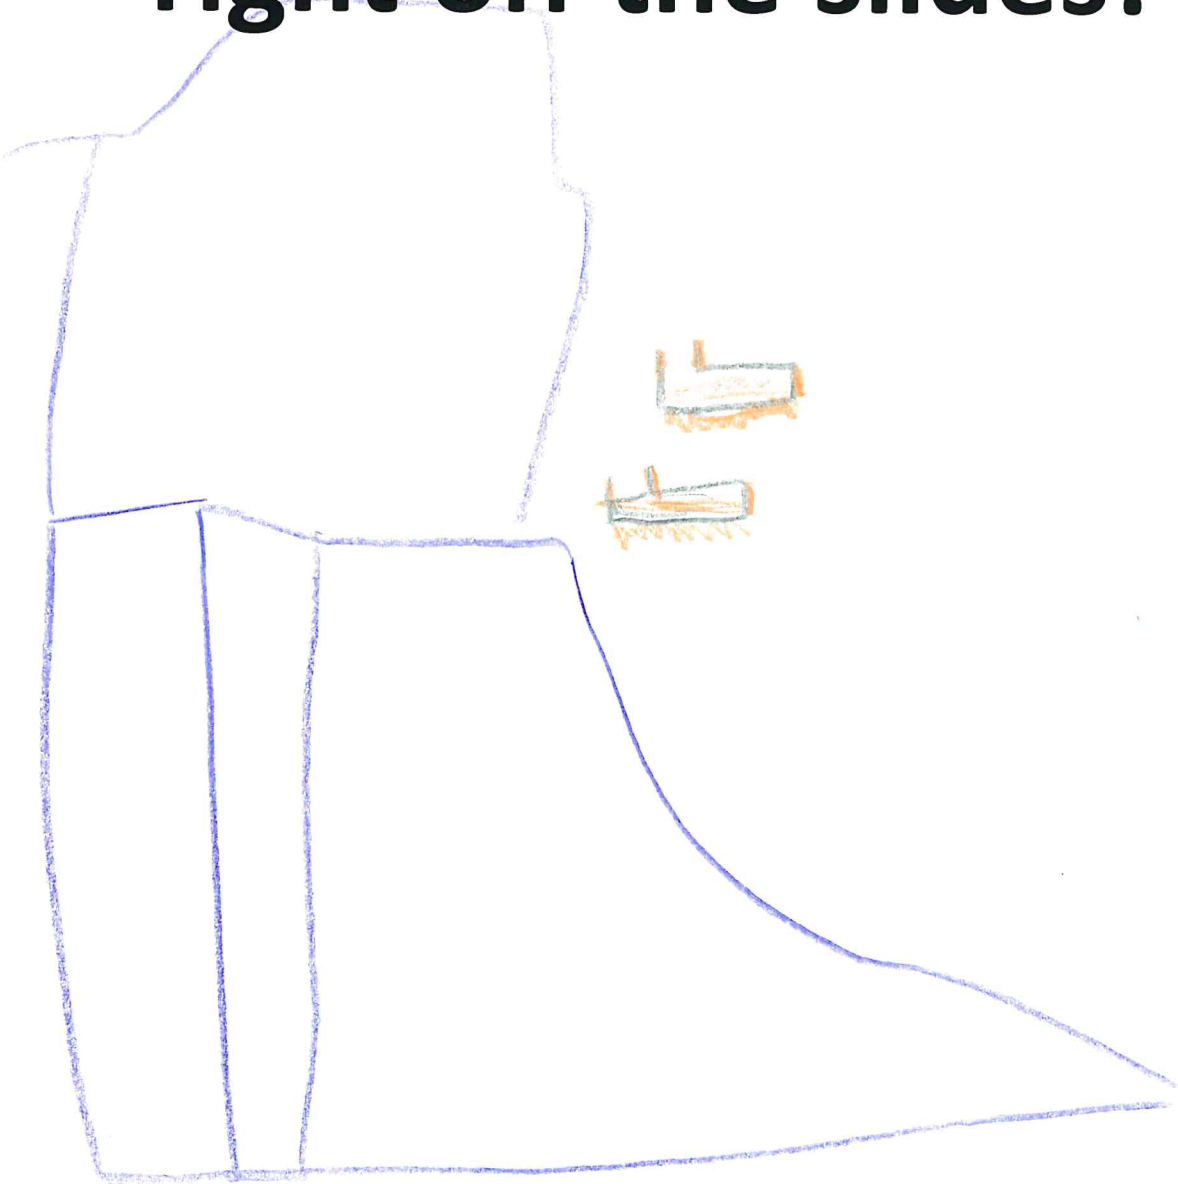

**One day I was shooting
some hoops and my
shoes just jumped off
my feet.**

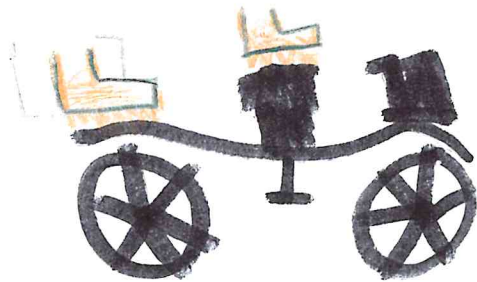

**They ran into the
garbage cans and
made a great big mess!
They ran away from
the house and tried to
jump the fence! I got
my bike and rode and
rode and I just couldn't
catch 'em.**

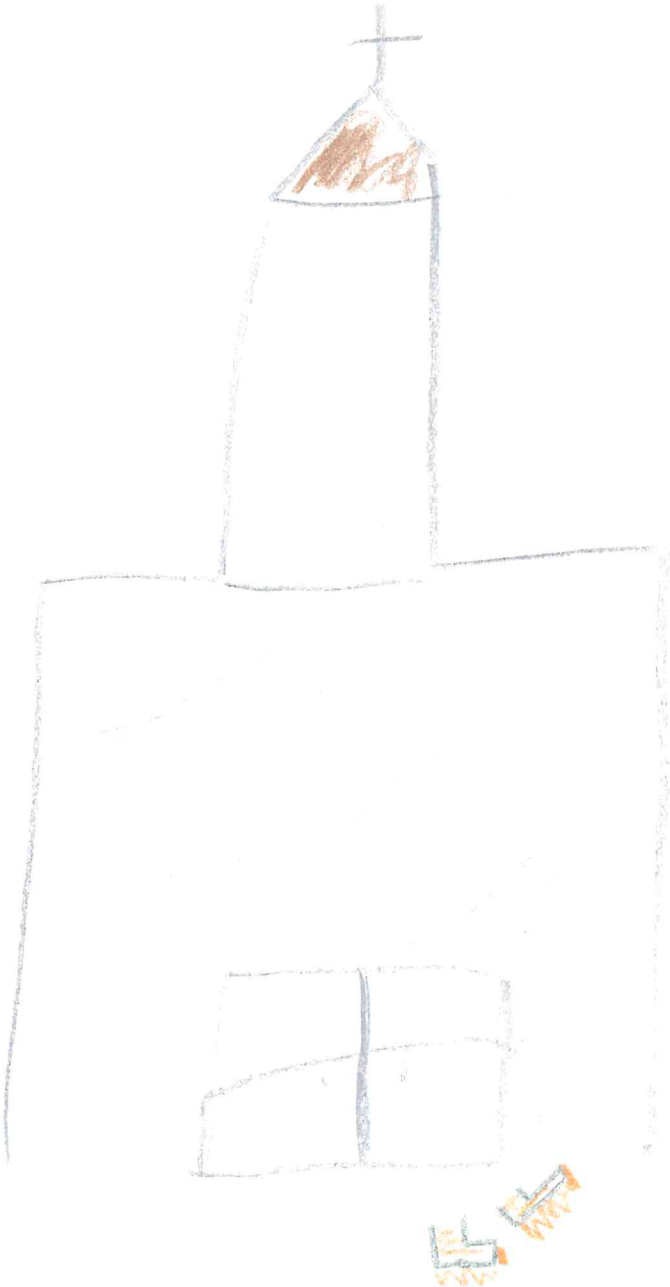

**They ran all the way to
the playground at the
park. They jumped
right off the slides!**

**Then they jumped
right on to my bike.
And they couldn't
quite get it to drive.
They jumped off the
bike.**

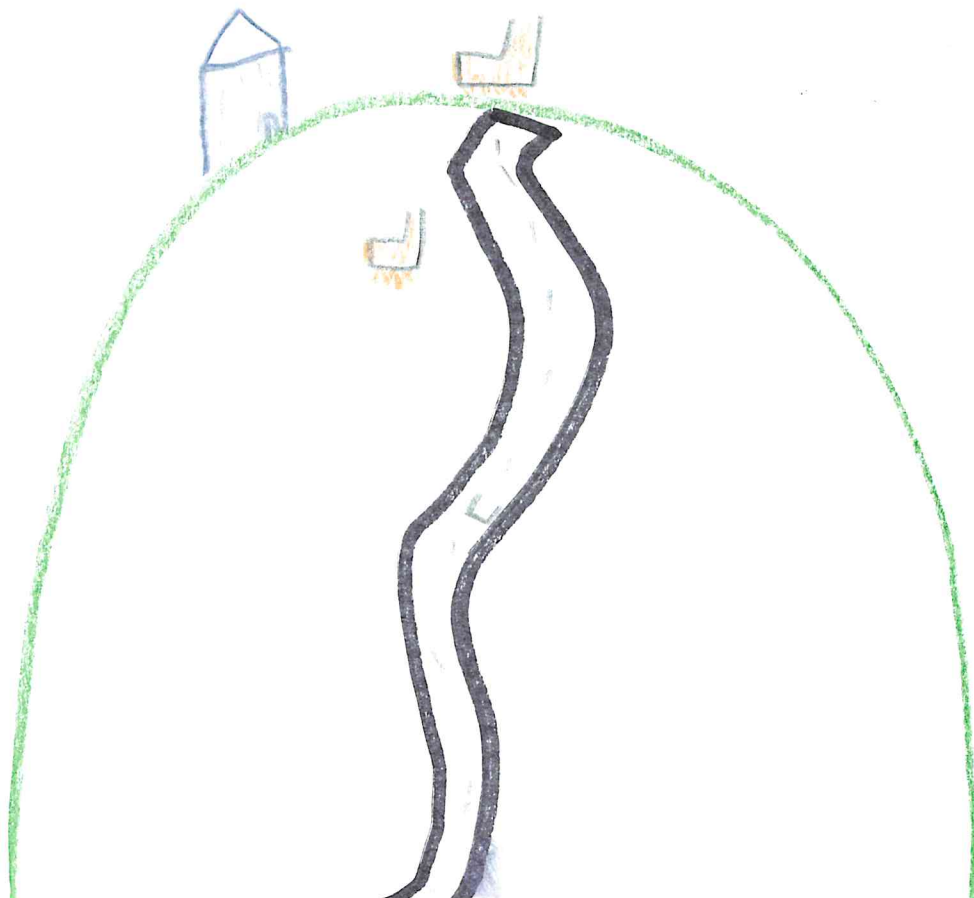

The shoes passed the church...

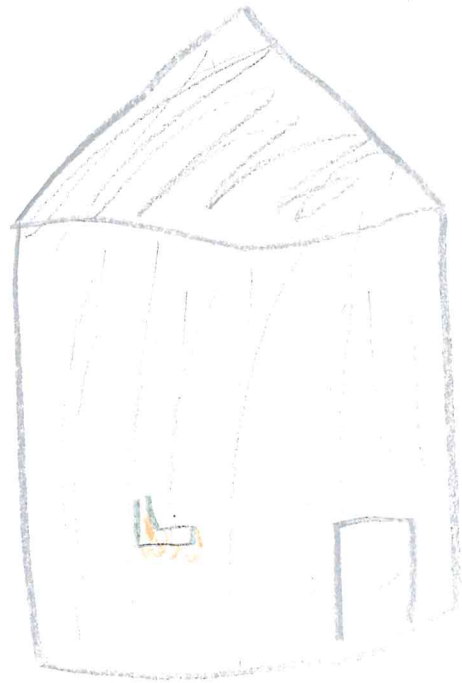

**Then they passed the
gas station....**

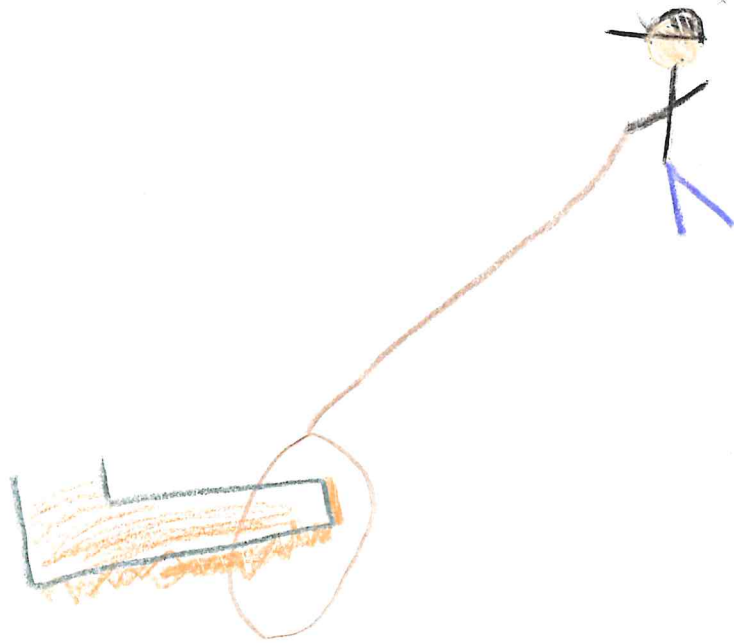

The shoes ran up the hillside! And arrived to my friend Trigg's house. Trigg and I chased the shoes into his house.

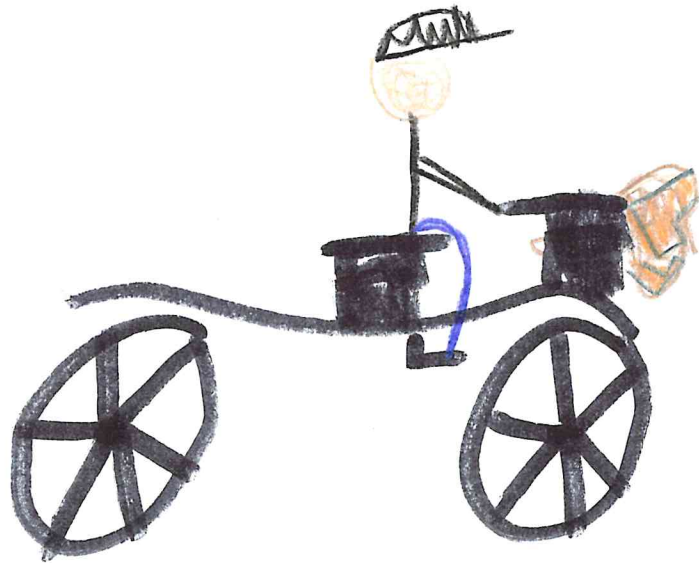

**One of the shoes ran
into a mouse trap. The
other couldn't get out
of the house.**

**We chased it all over
the house and finally
caught it with a rope!**

**I rode back home with
the shoes tied to the
front of my bike.**
