Working For Rainbows

By Ellie

Heartie is a unicorn. She doesn't like to work, She only likes to play.

She wants to buy a rainbow house with a pool, but she doesn't have any money.

Heartie sees that the bakery is hiring. She wants to work there just until she has enough money for her rainbow house.

At the bakery she makes rainbow
cupcakes. The other employees teach^{her} how to
make rainbow frosting.

After 2 months she has enough money to buy her house. She quits her job so she can play in her house. But she starts to miss the bakery!

she goes back to the bakery to get her job back.

Baking makes her so happy that now she opened up her own rainbow bakery! Everything she makes is rainbow!

Heartie learned that it's fun to
play AND work!
