"Roar", said Jack the T-Rex. Jack was a teenage dinosaur. He was always mad and throwing fits because he didn't get what he wanted. He was also hungry all the time.

Jack would stomp through the town at night and scare everyone with his loud roar.

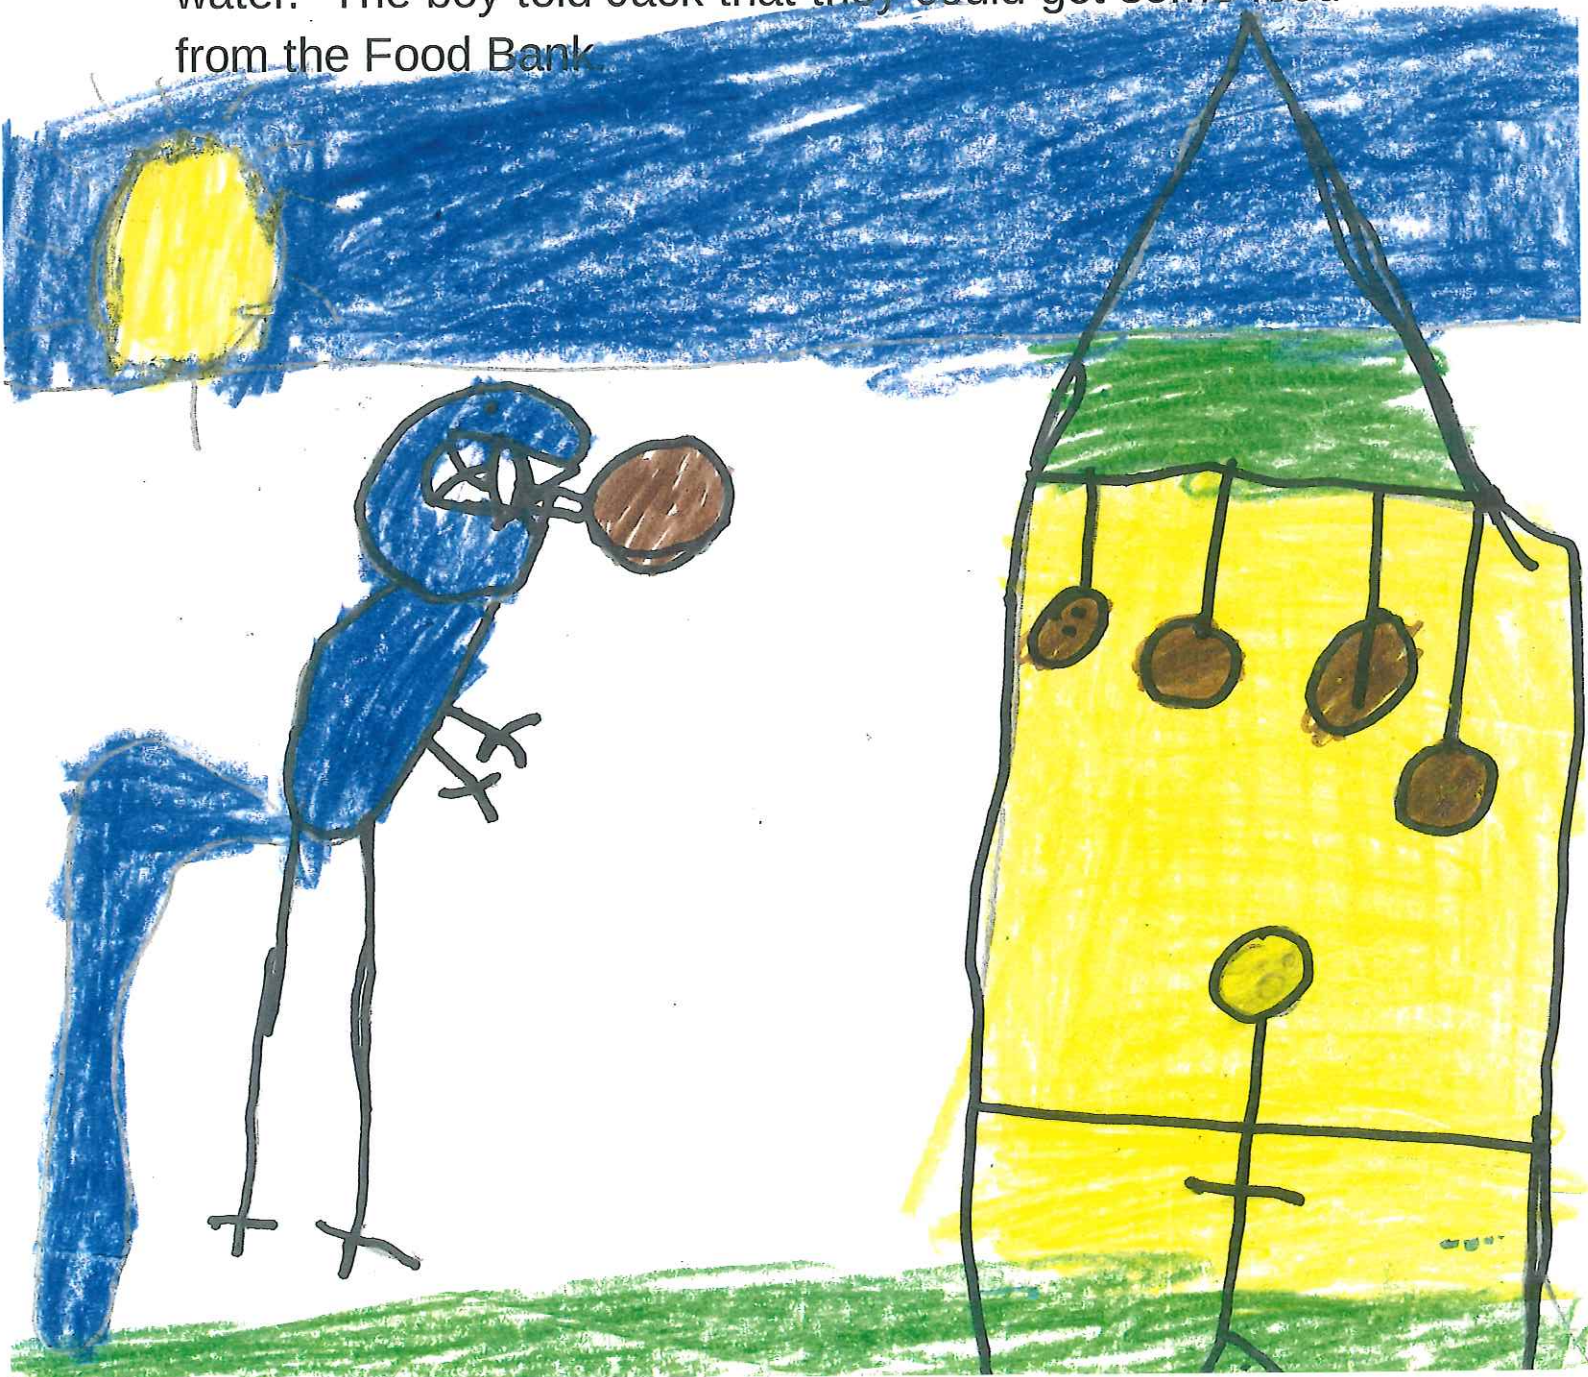

One day when everyone was gone, Jack went to the town and destroyed all the houses because he didn't have any food.

The people in the town had a meeting. They decided that they needed to find out what was going on. One of the children went to talk to Jack.

Jack told him that he and his family needed some food and water. The boy told Jack that they could get some food from the Food Bank.

Then the boy and Jack walked to town and got food for the dinosaurs. Jack apologized for ruining the town. The dinosaurs had a feast with the people in the town. After that whenever Jack got hungry they would go to town and get more food.
