

Delilah H.

The Surprise

1st Place

North- First Grade

How to use this book ☺

Place the Magic Wand in the reader's right hand. To reveal the hidden pictures, position the wand between the top piece of plastic and black piece of paper. Move the wand around to illuminate each surprise

Parent Note: I realize this is not a very scannable design. I am a preschool teacher and did this for an activity (barn animals at night with a white flashlight) but Delilah wanted to re-create this with her own spin on it and I couldn't squash her creativity!
