# The Thrilling Sledding Party

By Trevor [REDACTED]

We were at my grandma and grandpa's house and we had a message on our phone. 'Do you want to come to our sledding party?'

"Please can we go, Mom?"  
Mom said, "Yes."

She drove us to the sledding party. We bundled up in snow clothes. We grabbed our sleds and ran super fast to the sledding hill.

We each went on separate sleds.

We sled. . .

and sled. . .

and sled.

We even went over jumps.

"It is time to go," said mom.

I did one more fast sledding run.

I runned at my sled.

I jumped. . .

I hit the ground. I knocked the wind out of me.

Ryan and Justin tapped me in the face to  
wake me up. They said, "Are you okay?"  
"Yes, that really hurted."

My sled was broke.

I jumped up and walked back up the hill.

I hopped on with my friend Maddox. My other friend Easton came down fast right behind us!

We had fun but we decided to drink a hot chocolate bomb around the fire to get warmed up.

When I went home I dreamed about that day I had fun at the sledding party.
