I care about musical instruments because I like to play music.

I care about my teacher
because she is fun.

I care about school
because I like to learn.

I care about clothes
because I don't want to
be clothesless.

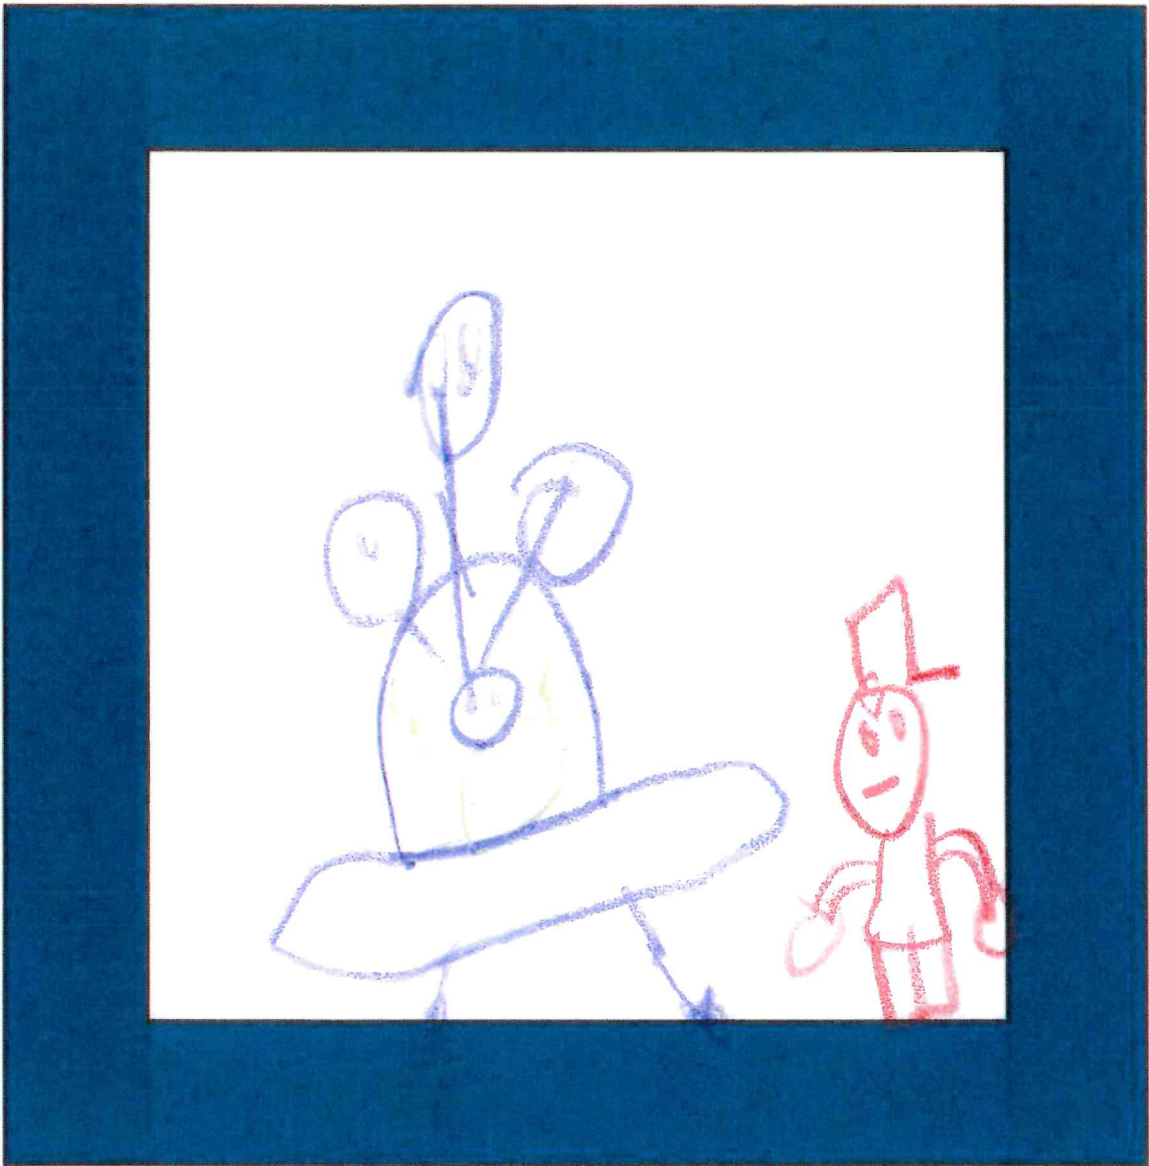

I care about books
because I like to
read.

I care about my bed
because I can go to
sleep.

I care about television so
I'm not bored.

I care about cars
because they get me to
school.

I care about toys
because I like to play!

I care about friends so
I'm not alone at school.

I care about home so
I'm not homeless.

I care about me
because I like me.

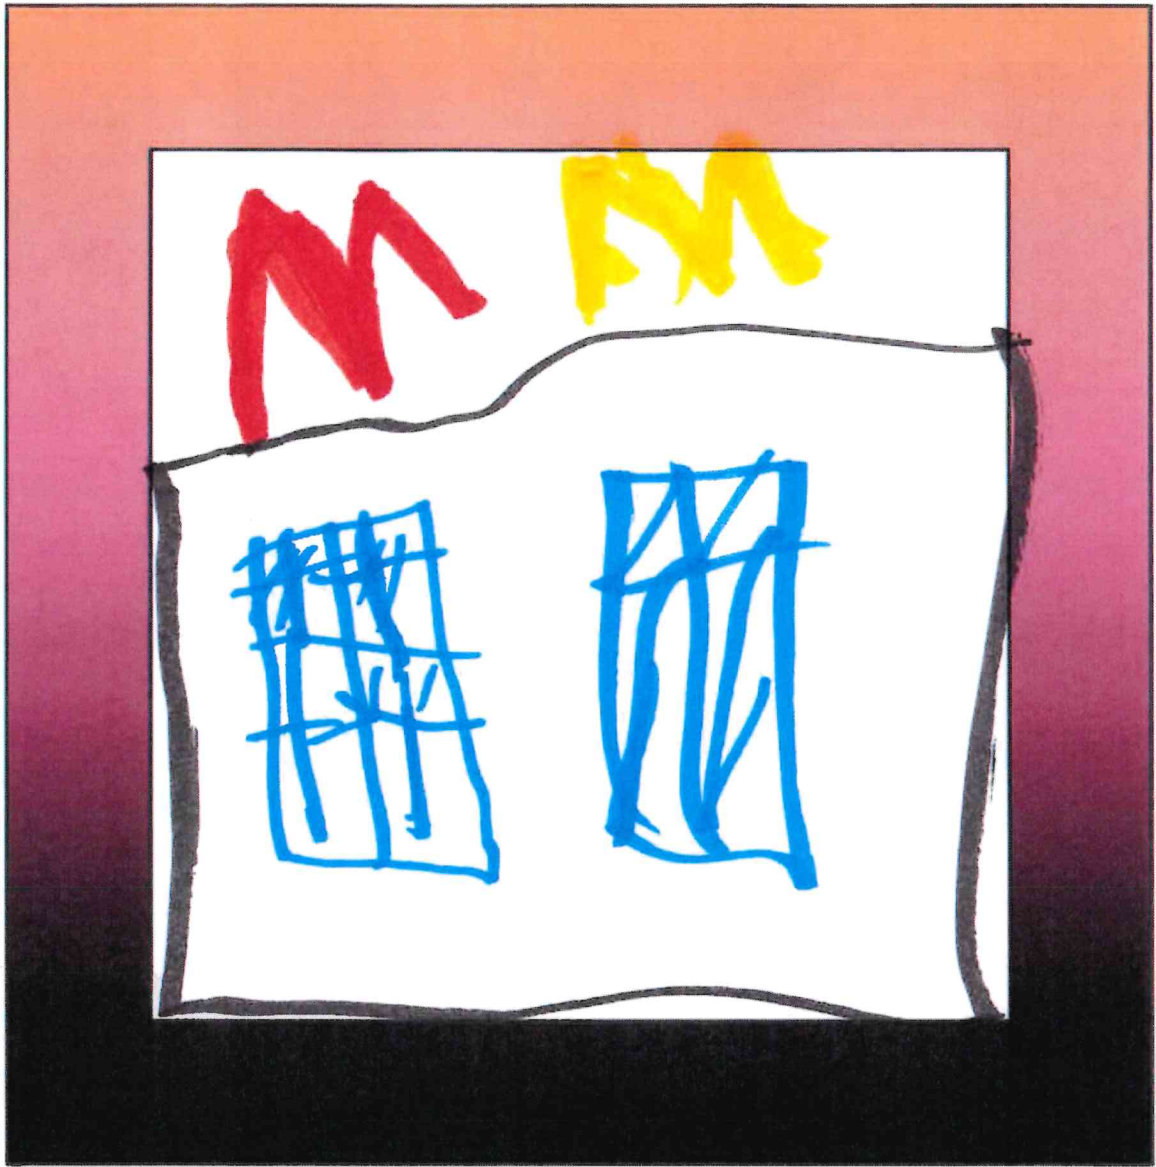

I care about trees
because they help me
breathe.

I care about family so
I'm not alone.

I care about food so I
don't starve.

I care about Jesus
because he made
everything.

I care about
McDonald's because I
can eat when I'm not
home.
