

Meeting

Buddy

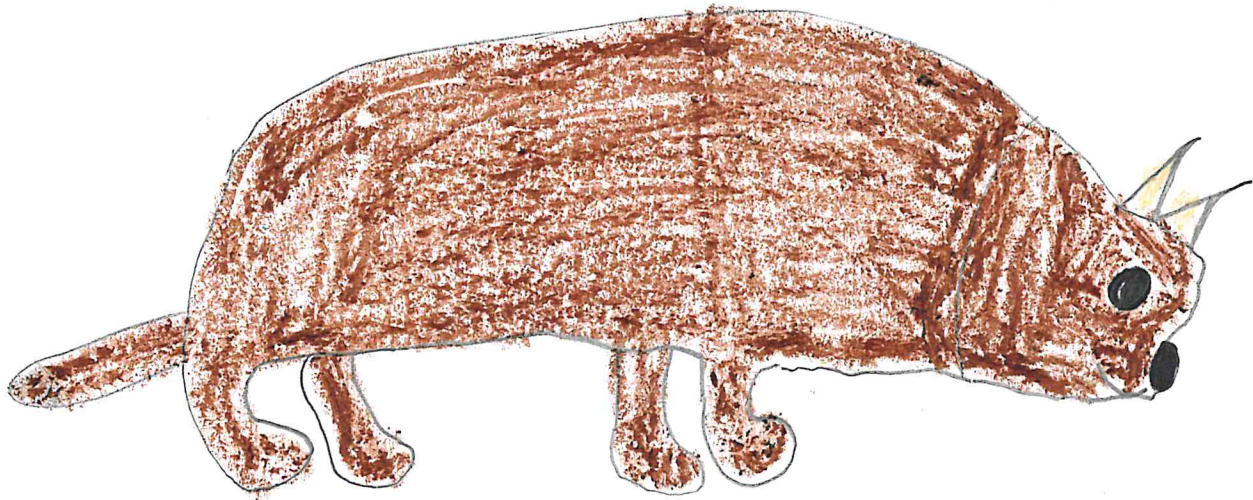

the Bison

By: Chaitanya gopi

Once upon a time there was a bison called

buddy the bison who loved to roll in mud. He

lives in montana at yellow stone national park

Buddy the bison

A family from Fargo went to visit the park

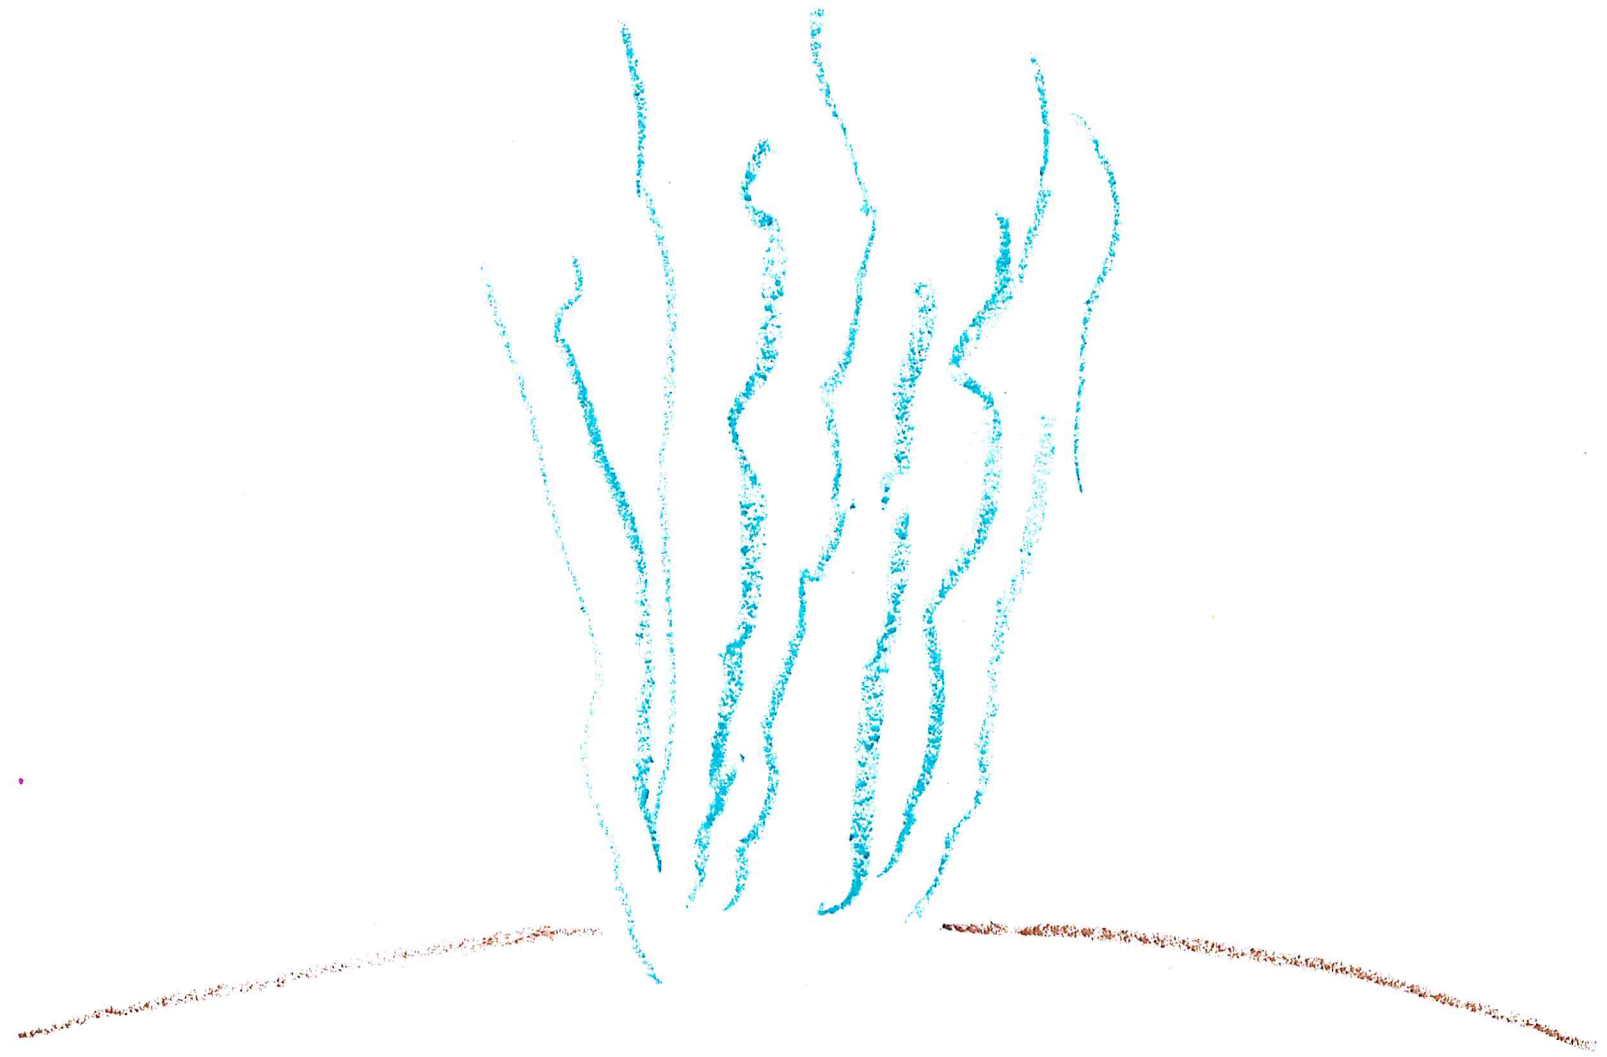

In the morning they got to see Grand

prismatic

Grand prismatic with bacteria

Then they went to the geyser. It  
shouted out hot boiling water.

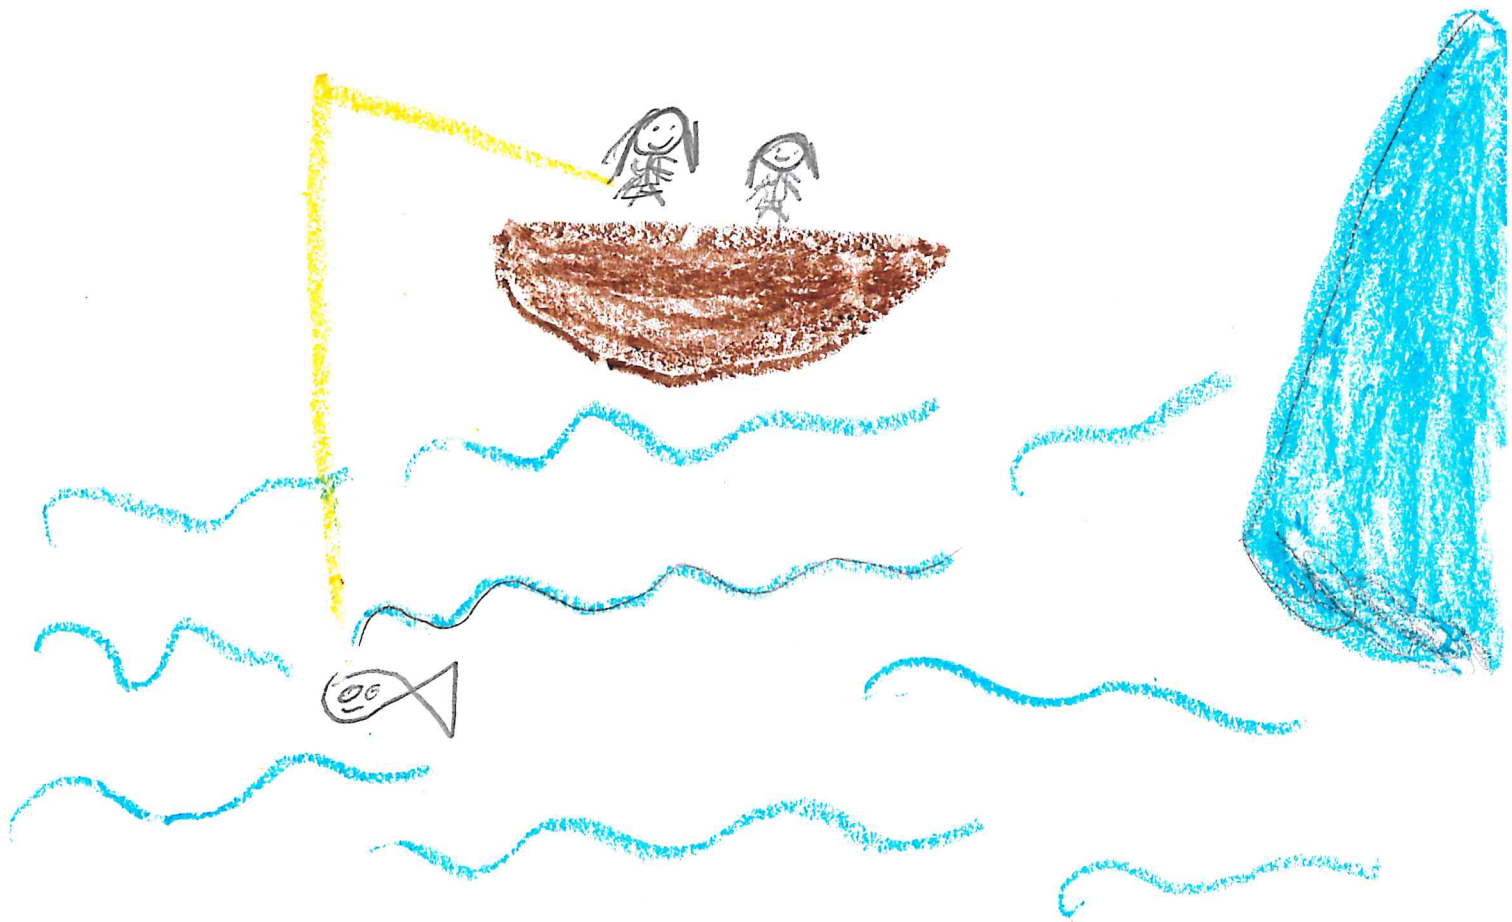

Geyser with water and steam

There were many waterfalls

there. They went boating and fishing

in the water

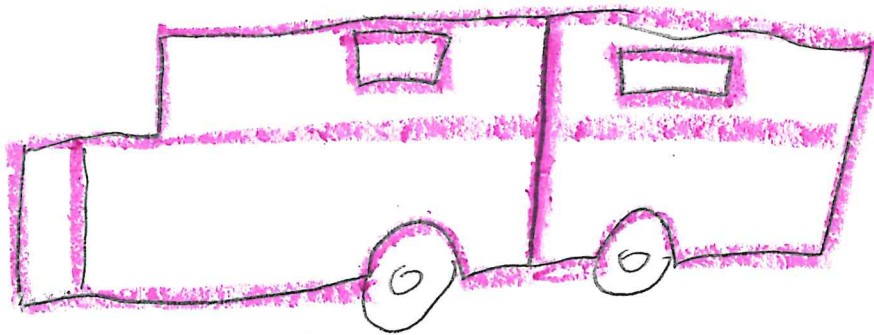

Then in the park they saw buddy the

bison and stopped to take pictures.

They said we will come back

next year. the end

Good bye

buddy bison
