

Coney the Black-Footed Ferret

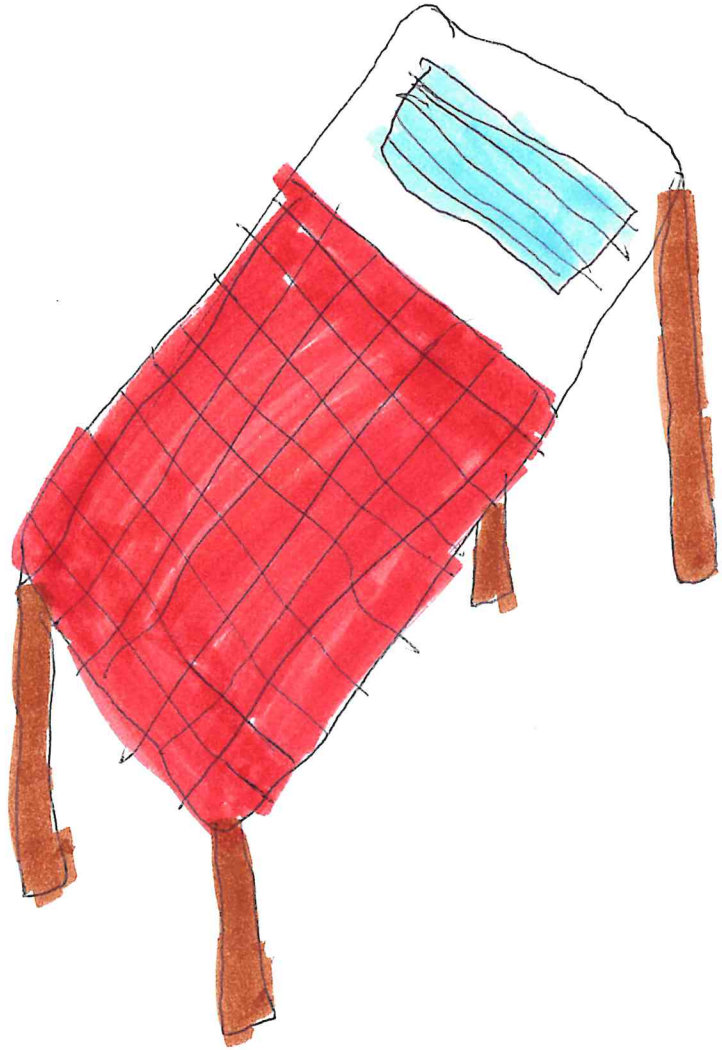

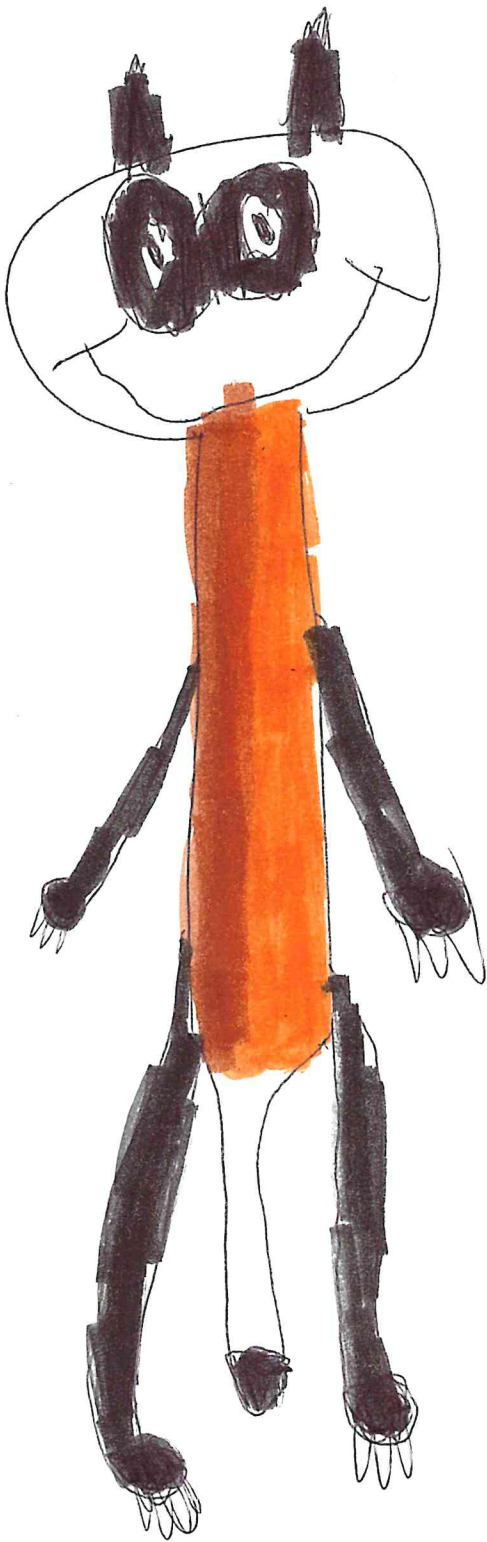

By: Nick Pierson

Hi there! My name is Coney the black-footed ferret. I have a black mask, black feet, and a black tipped tail. I have two kits (baby ferrets). I am 25 inches and nocturnal. It is night right now, and I am hunting for my favorite food, prairie dogs! Yum!

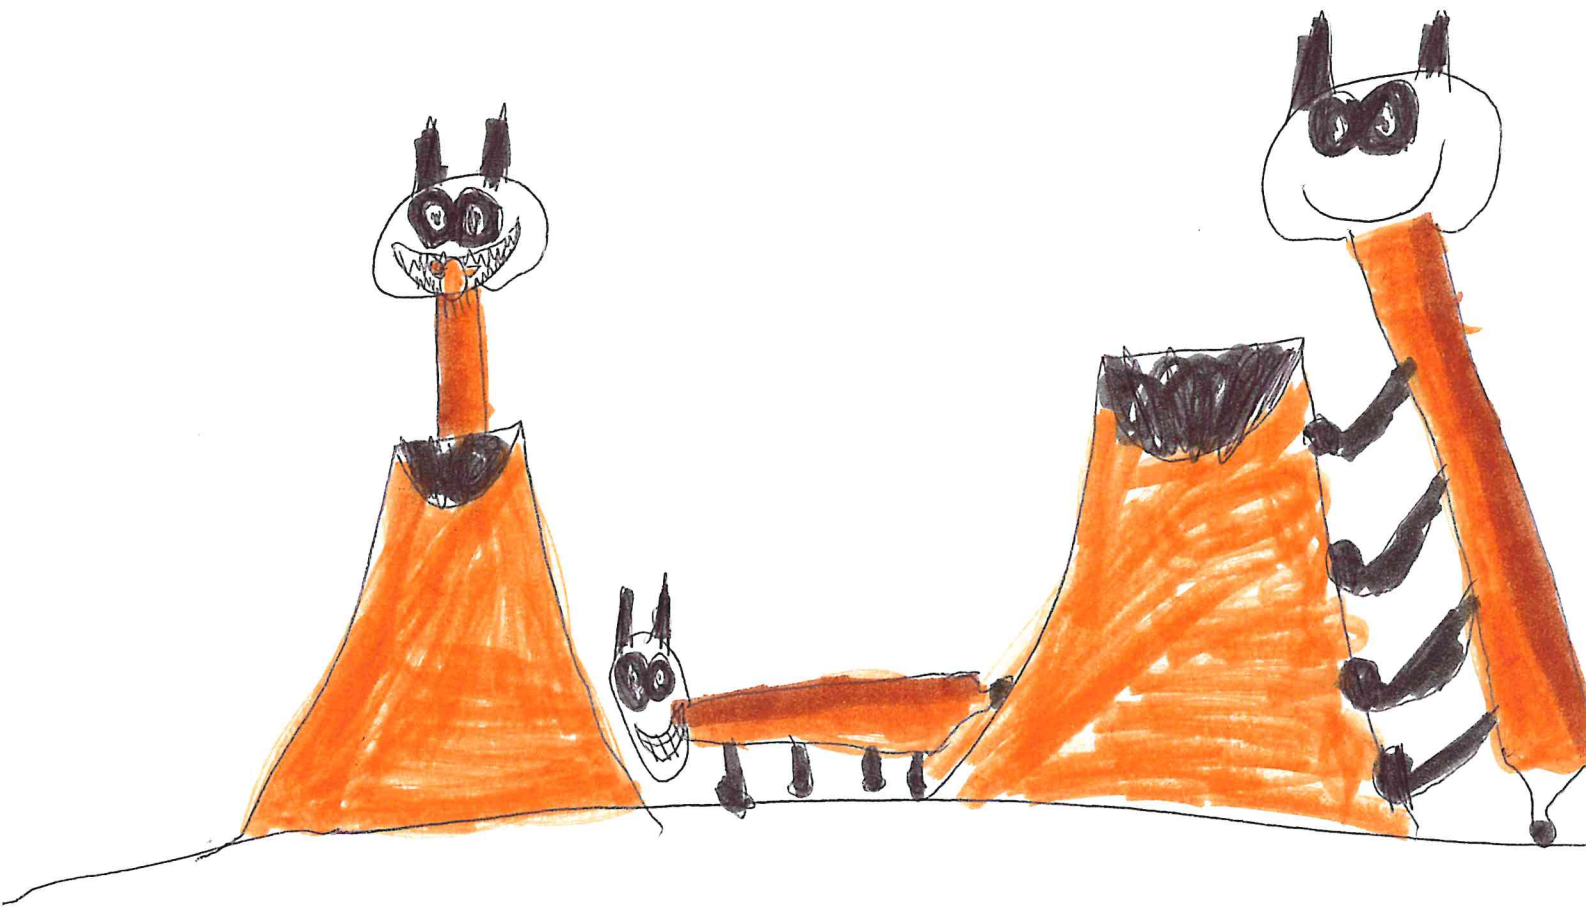

I caught 2 prairie dogs for breakfast. But that is enough. I eat them with my family.

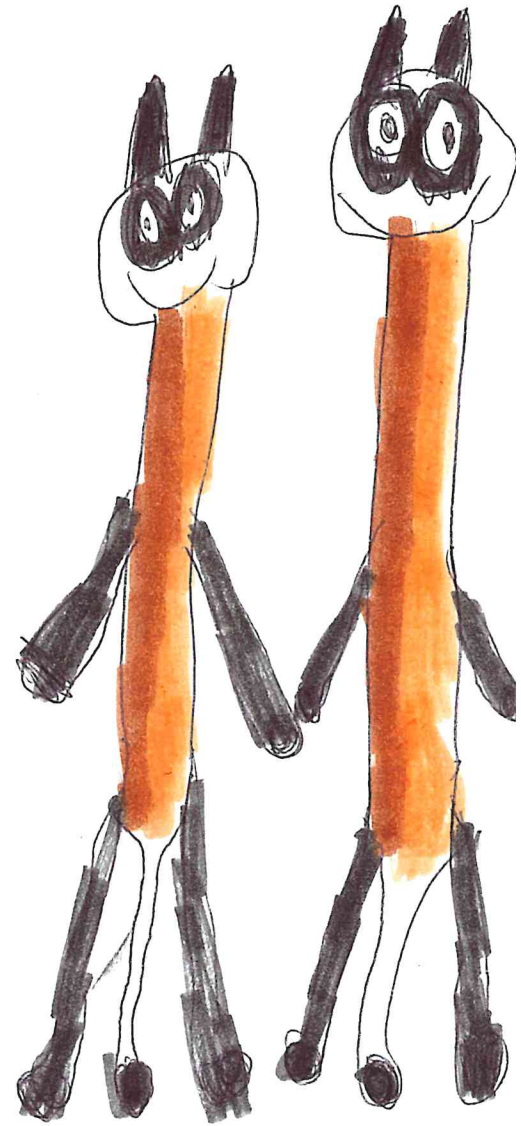

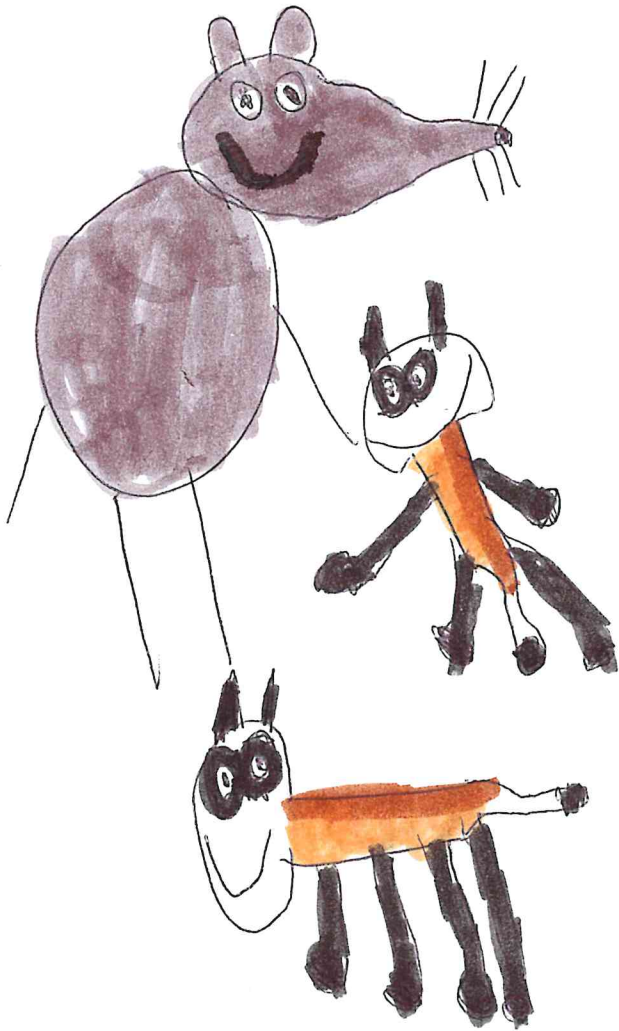

It was good. I am going to take a little nap now (3 hours later). That was a good rest. I'm going to hunt for lunch.

I caught 3 prairie dogs for lunch. I ate them with my family. They were good.

Right now I am teaching my kits to hunt. I can tell they are having fun. Tonight there is going to be a babysitter.

The babysitter is here now. She is nice. She is a rat. Literally. Me and my wife are going out to dinner. We are going to have fun.

The End
