

KNOW VAPE

ANTI-VAPE TEEN VIDEO CONTEST OFFICIAL GUIDELINES

WHY IS THIS CONTEST BEING OFFERED?

Vaping among teenagers in Idaho is growing at an alarming rate. The health impacts of vaping are serious, especially among teens. Contest organizers want to hear your perspectives on vaping - the shadowing companies behind the disguised products; the dangerous and alarming health impacts of vaping - or any vaping related topic that may help prevent a teen from vaping in the first place or help them quit.

WHO MAY PARTICIPATE?

Students ages 13-18 from Idaho. Students may submit entries as individuals or work with other students as a team.

WHAT IS THE PURPOSE OF THE CONTEST?

You are invited to make a video that creatively provides information for teens about the danger or prevention of vaping or how to quit vaping.
