love on the Wyoming PBS  
YouTube channel!

Be sure to check out this month's  
premiere film on WyoGives Day!

2660 Peck Ave.  
Riverton, WY 82501

# HIGHLIGHTS

## Brotherhood of the Broadaxe Mon. July 6 | 9pm

“Tie Hacks” were legendary timber workers who made hand-hewn cross-ties for the nation’s railroads from the early 1900s through World War II. These remarkable individuals, largely of Scandinavian descent, worked throughout the long winters in isolated logging camps at the base of Wyoming’s rugged mountain ranges.

## Painting the Falls of Yellowstone Mon. July 13 | 9pm

A look at some of the most stunning, varied, and unique waterfalls in Yellowstone National Park, with insight into internationally renowned artist M.C. Poulsen’s vision and creative process for capturing their beauty.

## A Life Outside: American Mountain Guides Wed. July 15 | 7pm

Explore the high-stakes world of American mountain guiding, tracing its roots to Paul Petzoldt, the legendary mountaineer who founded both the National Outdoor Leadership School and North America’s oldest guide service, Exum. Filmed in the Teton Range, the Alps, and the Wind River Range.

## Farm to Fork Wyoming: Bison

Thu. July 16 | 7pm

Bison, long absent from the Wyoming landscape, are slowly growing in numbers. We will explore a spectrum of ideas around bison in Wyoming, from tribal healing, restoration and conservation efforts, to the sustainable agriculture movement’s ranchers who are repairing their landscapes with the help of the bison.

## Fossil Country Mon. July 20 | 8pm

Hardscrabble fossil hunters in Wyoming make astounding discoveries that change what we know about Earth’s history. The mining town of Kemmerer, in the Green River Formation, is ground zero for the best fossil collecting in the world. Geology, history, and entrepreneurship all come to life through human stories of fossil hunters seeking a rare discovery and a big payday.

## Guardians of Yellowstone: The Yellowstone Cougar Project

Mon. July 27 | 9pm

Get a glimpse into the hidden world of cougars —stealthy predators vital to Yellowstone National Park’s ecosystem. See the science, fieldwork, and passion driving the Yellowstone Cougar Project, and meet individual cougars, each with a unique story of survival and resilience, set against Yellowstone’s majestic landscapes.
