HIGHLIGHTS

Wyoming Chronicle: Where the Heck is Yucca Fountain? *Fri. Apr 3 | 7:30pm*

A one-of-a-kind art installation based on a 1950s diner and soda fountain in Nevada is exhibited at the University of Wyoming Art Museum. Seeing it is like entering another time and place.

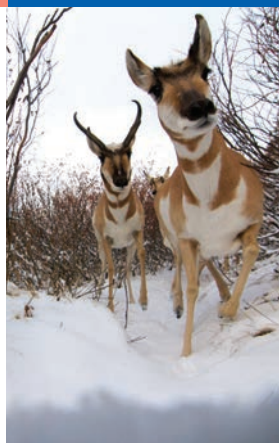

Storm of the Century: The Blizzard of '49 *Thu. Apr 9 | 7pm*

Wyoming's worst series of storms in history was filled with tragedy, loss, death, and suffering. But there was also hope, heroism, unselfish sacrifice, and generosity brought by the people of Wyoming.

Glaciers of the Winds *Thu. Apr 16 | 7pm*

Documentary on the scientific exploration and retreat of the glaciers in the Wind River Range of Wyoming. Wyoming PBS will look at the big picture of how receding alpine glaciers will affect the ecosystem, municipalities, farmers, and ranchers downstream.

Migrations *Thu. Apr 23 | 7pm*

The longest terrestrial migration in the Lower 48 states occurs every year in Wyoming, when North American antelope, or pronghorn, journey from Grand Teton National Park south to the high desert country where U.S. Interstate 80 crosses Wyoming. In recent years, the migration has become more and more dangerous.

Best of Our Wyoming: Incredible Wyoming Women *Mon. Apr 27 | 8pm*

Learn about a woman who blends ranching and fire spinning, an honored Wyoming legislator, and the birth of an airline industry.

A State of Mind: Protecting the Protectors *Tue. Apr 28 | 8:30pm*

Our first responders, police officers and any other 'protectors' often experience higher rates of mental health issues. This episode tells their story.
