Can I pretty, pretty, pretty-please get a puppy?

You can't take care of your toys, let alone a dog!!

A little girl begged her parents for a dog.

This is a good idea, but there is one problem: her room was a mess and it would take weeks to clean up all her stuffed animals.

Yawn...

She cleaned and cleaned and cleaned and cleaned and cleaned...

And cleaned...Until she was so tired she fell asleep on her big pile of stuffed animals. She dreamed she was sleeping on a mountain of puppies.

Then she felt something moving under her...

She opened her eyes and screamed in delight!  
It was no longer a stuffed animal she was holding -  
She was snuggling a real puppy dog!
