# MESSAGE FROM OUR PRESIDENT & GENERAL MANAGER

## Summer, Vegas-Style

By Mare Mazur, President and General Manager, Vegas PBS

Summer means different things to different people. For some, it is travel and adventure. For others, especially here in Southern Nevada, it is about finding smart ways to stay cool, slow down a little and make the most of the season.

**“Wherever this summer takes you, Vegas PBS is here with ideas, inspiration and plenty to enjoy from the comfort of home.”**

Wherever this summer takes you, Vegas PBS is here with ideas, inspiration and plenty to enjoy from the comfort of home. In this issue, you will find a guide to summertime fun, from affordable day trips and ways to beat the heat to series worth bingeing and programs that help keep kids engaged while school is out.

As part of our continued celebration of **America 250**, this month's programming also features stories from American history and culture, including one of the most iconic events of the twentieth century. On **Tuesday, June 9 at 9 p.m., American Experience: Woodstock: Three Days That Defined a Generation** looks at how a music festival became a larger story about a country in transition, shaped by debates over civil rights, sexual politics and the Vietnam War.

Then on **Friday, June 12 at 9 p.m., American Masters: Janis Ian: Breaking Silence** explores the life and career of singer-songwriter Janis Ian, from her early emergence as a folk voice to her role as a cultural figure and advocate.

Longer days can also mean more time to connect with family, friends and community. That is one of the things public television does especially well. Whether you are looking for history, music, documentary storytelling or simply something worthwhile to watch on a hot summer evening, we are glad to be part of your summer. Thank you, as always, for your support of Vegas PBS.

With appreciation,  
Mare

# BE AWARE. BE PREPARED.

Nevada experienced its warmest winter on record, and many areas saw very little lasting snow—leaving more dry vegetation on the ground than usual. These hotter, drier conditions increase wildfire risk, making awareness and preparedness more important than ever.

At NV Energy, your safety is our number one priority. That's why we work year-round to strengthen our system, reduce fire risk, and protect the communities where we serve, live, and work.

## How We Reduce Risk

To protect communities, we may use one or more of the following safety strategies:

### ■ Fire Season Settings

When fire danger is elevated, power lines in high-risk areas are switched to more sensitive settings. With these settings in place, the line will automatically shut off if something—such as vegetation or debris—comes into contact with it, reducing the likelihood of an ignition.

### ■ Public Safety Outage Management (PSOM)

A temporary, proactive shutoff during extreme fire risk to reduce the chance of equipment-related ignitions. These are forecasted in advance and customers will receive advance notification.

### ■ Emergency De-energization

As a last resort, NV Energy may turn off power if an active wildfire is threatening our equipment. This helps reduce the risk of our equipment contributing to or worsening an existing fire. For public safety, these shutoffs must be taken quickly, so customers may not receive advance notice.

## How You Can Prepare

These tools are critical in reducing wildfire risk—and being prepared helps everyone stay safe and informed when outages occur.

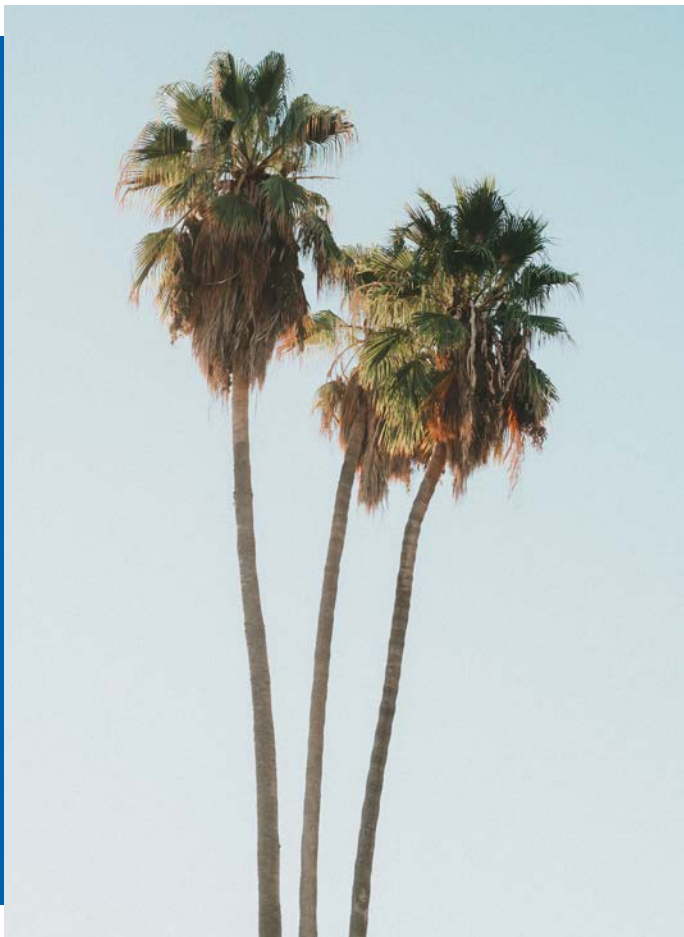

- Update your contact information and sign up for alerts in MyAccount
- Create or refresh your household emergency kit
- If someone in your home relies on medical equipment, enroll in our Green Cross program at [nvenergy.com/GreenCross](https://www.nvenergy.com/GreenCross)
- Find additional outage preparation tips at [nvenergy.com/outageprep](https://www.nvenergy.com/outageprep)

Wildfire Awareness Month is a reminder that we all play a part in keeping Nevada safe. Thank you for working with us to protect our communities. To learn more about our wildfire safety efforts, visit [nvenergy.com/PowerSafeNV](https://www.nvenergy.com/PowerSafeNV).

# Explore the Cool Side of Vegas... *When It's Too Hot to Handle*

By Sandi Hemmerlein

Summer may not officially begin — scientifically, that is — until the solstice on June 21. And Vegas' own Mojave Max — the Mojave Desert's answer to Punxsutawney Phil — only just emerged from his burrow in mid-May, marking a record late start to spring. But with triple-digit temperatures hitting the valley weeks earlier than usual, it's already felt like summer in Southern Nevada for a while now.

And we're just getting started.

Don't worry — even when it's sizzling outside, you can stay cool as a cucumber! Here's some inspiration for beating the summer heat, whether you're staying in or venturing out. ☺

## INDOORS

**Check out the cultural destinations around Southern Nevada!** Enjoy experimental theater at *Fallout Fringe Festival 2026*, catch a screening at *The Beverly Theater*, or check out the indoor/outdoor *First Friday* art walk event in the Arts District. The Library District of Las Vegas and Clark County and *Henderson Libraries* both have regular schedules of literary and other events for all ages, too!

**Pick up a new hobby!** You can start learning how to play a musical instrument — like guitar or keyboard — at any age at East Las Vegas Community Center, with *group lessons* starting in June, July and August. Starting June 2, the Bridge Center of Las Vegas is offering *free lessons for first-timers*. And Vegas PBS offers *Lifelong Learning* programs to help you start your own edible garden, write your memoir, find your family roots and more.

**Go virtual!** Great Basin National Park is celebrating its 40th anniversary with a *Virtual Speaker Series* that dives into the park's history, natural wonders and resources (like the Great Basin Observatory). The Library District also hosts its *Virtual Author Talk Series*, and the *PBS Books website* has a recording of its talk with the filmmakers behind *The American Revolution*, which is streaming now on the PBS App.

**Take a vicarious vacation!** It may feel too daunting to take a trip while it's hot out — but you can start planning your future adventures by taking inspiration from Rick Steves and the *Art of Europe*, Martin Clunes' journeys through *Islands of the Americas* and Samantha Brown and her *Places to Love*.

## OUTDOORS

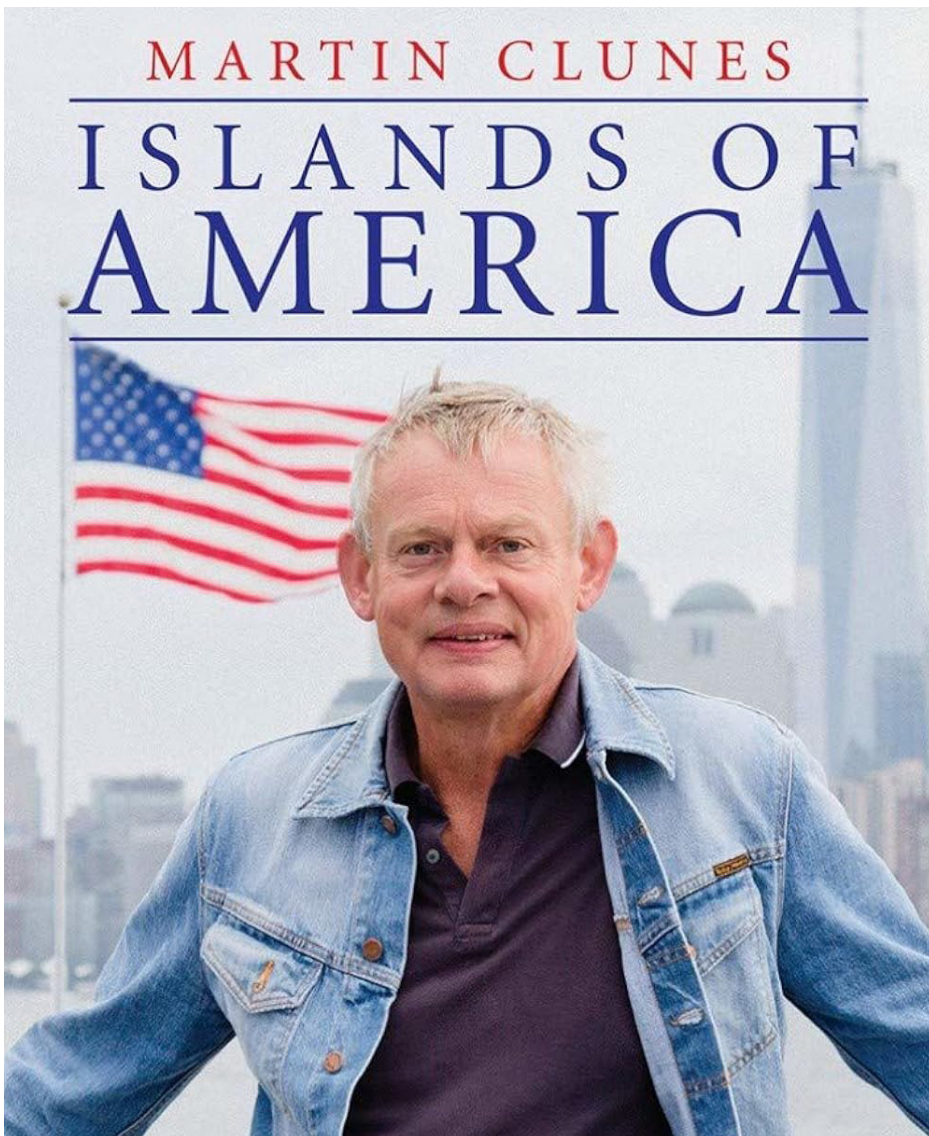

**Explore new heights!** At nearly 12,000 feet — roughly 10,000 above the valley floor — *Mt. Charleston* is a popular summertime escape where temperatures can run as much as 30 degrees cooler than down in the valley. Stop by the visitor center to discover its scenic hiking trails, including several with spectacular waterfalls. For more pro tips on exploring the area, Vegas PBS Originals *Outdoor Nevada* and *Tales from the Trails* have you covered.

**Take the plunge!** Southern Nevada has no shortage of outdoor public pools where the entire family can take a dip — including the many *aquatic facilities* in Henderson, Clark County's *seasonal water parks*, and the new Olympic-sized pool at *Pavilion Center* in Summerlin. The City of Las Vegas also operates *dozens of splash pads* throughout the region, open daily May 1 through September 30.

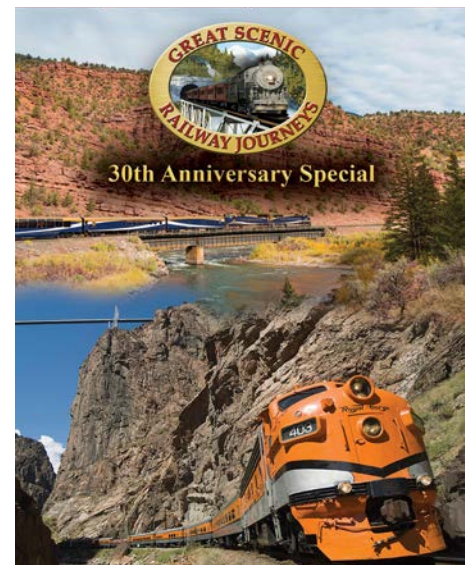

**Head for the water!** Kayaking, paddleboarding, boating, and snorkeling are all ways to get some fun in the sun without overheating this summer. If you don't have your own equipment, *Lake Las Vegas Water Sports* in Henderson offers rentals, and concessionaires at *Lake Mead* provide access to even more aquatic fun. For more inspo, watch Maria Silva take to the Colorado River for *Tales From the Trails*, or follow Connor Fields north to the Kirch Wildlife Management Area's waterways on *Outdoor Nevada*.

**Discover Southern Nevada after the sun goes down!** Las Vegas area nighttime options include hitting the links after dark (*Angel Park's Cloud 9 Course* has full lighting for night putting), *hiking under the stars*, stargazing in *Red Rock Canyon*, or one of the *Las Vegas Astronomical Society's* star parties. For more inspiration, watch as *Outdoor Nevada* host Connor Fields goes on a glow-in-the-dark adventure hunting for scorpions.

# Lucy Worsley Investigates: The American Revolution

Saturday, June 6 at noon

Lucy Worsley investigates one of history's most explosive break-ups: the 18th century split between Britain and its 13 North American colonies. With access to expert insights and original evidence, Lucy explores the motivations behind the Americans' will for independence; uncovers how the American Revolution affected Britain with sabotage, espionage and political unrest reshaping the empire; and asks whether this explosive break-up could have been avoided.

# Great Performances at the Met: Andrea Chénier

Sunday, June 21 at 12:30 p.m.

Luciano Pavarotti is at his most ardent as the romantic poet Andrea Chénier who is overwhelmed by his impossible love for the beautiful Maddalena. She is a pampered aristocrat and he is but a poor member of the French Revolution. But even though their entire world is being torn apart by unprecedented violence, their love will not be denied — even if it costs both of them their lives.
