Independent Auditor's Report

To the Board of Directors Rocky Mountain Public Media, Inc.

We have audited the accompanying consolidated financial statements of Rocky Mountain Public Media, Inc. and its subsidiaries (the "Network"), which comprise the consolidated statement of financial position as of June 30, 2021 and 2020 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Rocky Mountain Public Media, Inc. and its subsidiaries as of June 30, 2021 and 2020 and the changes in their net assets, functional expenses, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 to the consolidated financial statements, the Network adopted Accounting Standards Codification (ASC) 606, *Revenue from Contracts with Customers*, as of July 1, 2020 using the modified retrospective adoption method. Our opinion is not modified with respect to this matter.

Note 1 - Nature of Business

Rocky Mountain Public Media, Inc. (the "Network"), a nonprofit corporation, was founded in 1956 to manage Denver Public Schools' educational television station, KRMA-TV. In 1987, the Network spun off from the school district and obtained a community license from the FCC to operate KRMA-TV as a public broadcasting station under the name Rocky Mountain Public Broadcasting Network, Inc. In 1998, the Network began broadcast operations from Grand Junction, Colorado as KRMJ in partnership with Colorado Mesa University; in 2001, the Network began broadcasting from Pueblo, Colorado as KTSC after acquiring the station from Colorado State University in Pueblo; in 2005, the Network began broadcasting from Durango, Colorado as KRMU; and, in 2007, the Network began broadcasting from Steamboat Springs, Colorado as KRMZ, one of the first digital-only television stations in the country. On September 22, 2016, the articles of incorporation were amended, and the Network's name was changed to Rocky Mountain Public Media, Inc.

On January 1, 2013, the Network merged with I-News in order to increase the news coverage provided to Coloradans. Seven months later, the Network merged with KUVO/Denver Educational Broadcasting and began public radio broadcasting. Each of the acquisitions was strategic in increasing the Network's ability to enrich the lives of Coloradans through engaging and essential programs, services, and community partnerships that inform, enlighten, and entertain. By increasing reach digitally and terrestrially, the Network continues its commitment to education, arts, culture, public service journalism, and educational content available on more platforms than ever before. The Network airs seven hours of award-winning quality programming for children every day and reaches 98 percent of Colorado homes with a free, over-the-air signal.

The Network expanded its broadcasting through the purchase of a new translator to broadcast THE DROP, an urban alternative FM radio station, in the metro-Denver area. The purchase was executed on November 25, 2020. THE DROP, one of public media's first and only Hip Hop/R&B stations, started as a digital-only station in 2019. Digital natives found THE DROP and built a loyal following prior to the purchase of the translator, allowing expanded access onto the radio dial on 104.7 FM in Denver, Aurora, and the surrounding areas. To date, THE DROP is one of the fastest growing radio stations in Colorado, working to co-create programming alongside the communities served, communities that are not often engaged through public media. For financial statement purposes, business activities for THE DROP fall under KUVO, LLC, which is the entity for the Network's radio operations.

In addition to providing engaging and educational content on a variety of platforms, the Network operates regional locations in Colorado Springs, Pueblo, and Grand Junction to bring civic dialogue to life through community screenings of thought-provoking dialogue and family-centered Science Nights and the Kids Fun Fest, and it partners with other nonprofits to provide educational content to the community.

Note 2 - Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of the Network; Rocky Mountain PBS, a separate nonprofit public television organization that includes I-News, its wholly owned subsidiary; RMPB Ventures, Inc., a separate for-profit organization established in June 1997; and KUVO, LLC, a separate nonprofit public radio organization. There was no significant operating activity in RMPB Ventures, Inc. during the years ended June 30, 2021 or 2020.

The financial statements also include the accounts of the Network's wholly owned subsidiary, Rocky Mountain Public Media QALICB, Inc. (RMPM QALICB) since its incorporation on September 21, 2018 as a Colorado nonprofit corporation and a Section 509(a)(3) supporting organization of the Network, including its activity starting on or about October 30, 2018 as part of the New Markets Tax Credit financing for the Buell Public Media Center, as discussed in Note 4.

All material intercompany accounts and transactions have been eliminated in consolidation.

Note 2 - Significant Accounting Policies (Continued)

Basis of Presentation

The consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP). Management also follows the Corporation for Public Broadcasting's publication, *Principles of Accounting and Financial Reporting for Public Telecommunication Entities*, which follows U.S. GAAP and promotes consistency in financial reporting among public broadcasting entities

Classification of Net Assets

Net assets of the Network are classified based on the presence or absence of donor-imposed restrictions.

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions or for which the donor-imposed restrictions have expired or been fulfilled. Net assets in this category may be expended for any purpose in performing the primary objectives of the Network.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Network or by the passage of time. Other donor restrictions are perpetual in nature, where the donor has stipulated the funds be maintained in perpetuity.

Earnings, gains, and losses on donor-restricted net assets are classified as net assets without donor restrictions unless specifically restricted by the donor or by applicable state law.

Cash Equivalents

The Network considers all investments with an original maturity of three months or less when purchased to be cash equivalents. The Network continually monitors its positions with, and the credit quality of, the financial institutions with which it invests. Financial instruments that potentially subject the Network to concentrations of credit risk consist principally of cash in excess of FDIC limits, temporary cash investments, investment securities, programming, underwriting, fees receivable, and pledges receivable.

At June 30, 2021 and 2020, amounts included in prepaid expenses and other assets related to cash that are held in escrow to be used for building maintenance and shared antenna use amounted to \$109,793 and \$100,790, respectively.

Restricted Cash

The Network maintains a separate cash account for amounts received related to the capital campaign throughout the construction. As of June 30, 2021 and 2020, the balance of this account was \$472,818 and \$1,289,867, respectively.

Investments

Investments in limited liability companies (LLCs) and limited partnerships (LPs) in which the Network has more than a minor interest (generally 3 to 5 percent) are accounted for using the equity method. Under the equity method, the investment is carried at cost, adjusted for the Network's proportionate share of undistributed earnings or losses. Impairment losses due to a decline in the value of the investment that is other than temporary are recognized when incurred. No impairment losses were recognized for 2021.

Investment securities are classified based on the Network's intent with respect to holding securities.

Debt and equity securities are purchased and held principally for the purpose of selling them in the near term and are reported at fair value, with unrealized gains and losses included in earnings.

Note 2 - Significant Accounting Policies (Continued)

Contribution Revenue

Membership, community service grants, and other contributions are recorded as receivables and recognized as revenue when pledged. If not pledged, this revenue is recognized as revenue when received in cash. Unconditional promises to give cash and other assets to the Network are reported at fair value on the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value on the date the gift becomes unconditional or is received. The gifts are reported as contributions with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or the purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions in the accompanying financial statements.

Contributions receivable that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. An allowance for uncollectible contributions is provided when evidence indicates amounts promised by donors may not be collectible.

The Network began incurring costs and receiving pledges in fiscal year 2017 relating to the capital campaign. Multiyear capital campaign pledges receivable that are expected to be collected in future years are recorded at the present value of estimated future cash flows.

Contracts with Customers

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*, and all related amendments (Accounting Standards Codification (ASC) 606), which serve to supersede most existing revenue recognition guidance. ASC 606 provides a principles-based framework for recognizing revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services and requires enhanced disclosures to enable users of financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The Network adopted ASC 606 effective July 1, 2020 using the modified retrospective transition method. The opening balance of net assets decreased by \$637,220 related to the recognition of underwriting revenue as a result of adopting the standard.

The Network's primary revenue stream under contracts with customers is related to underwriting contracts.

Underwriting

The Network generates revenue from written program underwriting agreements that identify specific obligations, such as air-time broadcast or radio spots and digital impressions that are delivered on behalf of a corporate sponsor. These air-time spots and digital impressions are recognized over time as they are delivered, satisfying each performance obligation. Underwriting is billed periodically throughout the contract. In some situations, the Network bills customers and collects cash prior to the satisfaction of the performance obligation, which results in the Network recognizing deferred revenue.

The Network's receivables from program underwriting were \$387,925 and \$317,102 as of June 30, 2021 and July 1, 2020, respectively. The balances of the Network's deferred revenue from program underwriting were \$270,218 and \$120,953 as of June 30, 2021 and July 1, 2020, respectively.

June 30, 2021 and 2020

Note 2 - Significant Accounting Policies (Continued)

Program Inventory

The Network maintains its purchased inventory of programming on the specific identification basis. Programming rights for specials are expensed after the first broadcast. Purchased programming for program series for which costs can be specifically identified is expensed based on the percentage of the entire first run of that series that has been broadcast in the current year. Inventories are carried at the lower of cost or market value on the first-in, first-out basis of accounting.

Purchased programming agreements that provide for one year of unlimited airing of the package are expensed when the first program of the package is aired. The Network has determined that the individual program's cost in the package cannot be reasonably estimated and, therefore, is expensed rather than amortized.

Property and Equipment

Property and equipment are recorded at cost. The straight-line method is used for computing depreciation and amortization. Assets are depreciated over their estimated useful lives ranging from 2 to 30 years. The Network capitalizes all expenditures for property and equipment in excess of \$5,000 and with a useful life exceeding one year. Costs of maintenance and repairs are charged to expense when incurred. Donated fixed assets are also capitalized at fair value at the date of donation.

The Network has capitalized costs related to transmitters, broadcasting equipment, network infrastructure, and building. Once the projects are completed, they are placed into service and depreciated.

Long-lived Assets

Acquired long-lived assets are reviewed for potential impairment whenever events or circumstances indicate that carrying amounts may not be recoverable. Assets not subject to amortization are tested for impairment at least annually. The Network looks primarily to the undiscounted future cash flows in its assessment of whether long-lived assets have been impaired. There were no impairments at June 30, 2021 and 2020.

In-kind and Donated Services

Certain donated services are recognized as support in the consolidated statement of activities and changes in net assets. The value of these services is determined based on estimated fair value at the date of donation. In-kind goods and services were \$96,402 and \$89,469 for the years ended June 30, 2021 and 2020, respectively.

A number of volunteers have donated time to the Network. As of June 30, 2021 and 2020, approximately 9,500 and 11,200, respectively, volunteer hours were received. These values have not been included in the consolidated financial statements, as they do not meet the requirements to be recorded under accounting principles generally accepted in the United States of America.

Functional Allocation of Expenses

Costs of providing the program and support services have been reported on a functional basis in the accompanying consolidated financial statements. The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. Costs have been allocated between the various program and support services based on estimates determined by management. Most expenses were directly assigned by management to the various functions, but personnel and payroll taxes were allocated based on estimated time and effort, and building rent and depreciation were allocated based on estimated square footage. Although the methods of allocation used are considered appropriate, other methods could be used that would produce different amounts.

June 30, 2021 and 2020

Note 2 - Significant Accounting Policies (Continued)

Advertising Expense

The Network uses advertising to promote its programs among the audiences it serves. Advertising expense is charged to income during the year in which it is incurred. Advertising expense for 2021 and 2020 was \$301,755 and \$114,058, respectively.

Income Taxes

The Network is a not-for-profit corporation and is exempt from tax under the provisions of Internal Revenue Code Section 501(c)(3).

RMPB Ventures, Inc. is a for-profit corporation and is subject to federal and state income taxes at the applicable corporate rates. As there were no significant operating activities in RMPB Ventures, Inc., income taxes were inconsequential for the years ended June 30, 2021 and 2020.

Upcoming Accounting Pronouncements

The FASB issued ASU No. 2016-02, Leases, which will supersede the current lease requirements in ASC 840. The ASU requires lessees to recognize a right-to-use asset and related lease liability for all leases, with a limited exception for short-term leases. Leases will be classified as either finance or operating, with the classification affecting the pattern of expense recognition in the statement of activities. Currently, leases are classified as either capital or operating, with only capital leases recognized on the consolidated statement of financial position. The reporting of lease-related expenses in the consolidated statements of activities and cash flows will be generally consistent with the current guidance. The new lease guidance will be effective for the Network's year ending June 30, 2023 and will be applied using a modified retrospective transition method to either the beginning of the earliest period presented or the beginning of the year of adoption. The Network is still evaluating which method it will apply. The new lease standard is expected to have a significant effect on the Network's financial statements as a result of the Network's operating leases, as disclosed in Note 14, that will be reported on the consolidated statement of financial position at adoption. Upon adoption, the Network will recognize a lease liability and corresponding right-to-use asset based on the present value of the minimum lease payments. The effects on the results of activities are not expected to be significant, as recognition and measurement of expenses and cash flows for leases will be substantially the same under the new standard.

In September 2020, the FASB issued ASU No. 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets.* The ASU provides for additional disclosures to support clearer financial information about important noncash contributions charities and other not-for-profit organizations receive, known as gifts in kind (GIKs). Contributed nonfinancial assets will be reported by category within the financial statements, and there will be additional disclosures included for each category, including whether the nonfinancial assets were monetized or used during the reporting period, the policy for monetizing nonfinancial contributions, and a description of the fair value techniques used to arrive at a fair value measurement. The new guidance will be effective for the Network's year ending June 30, 2022 and will be applied using the retrospective method.

Paycheck Protection Program

During the year ended June 30, 2020, the Network received a Paycheck Protection Program (PPP) loan in the amount of \$1,188,407. Under the terms of this program, the loan can be forgivable if the loan is spent on qualifying expenses and if staffing level requirements are met. During the year ended June 30, 2021, the Network applied for and received notification of forgiveness of the entire loan balance from the SBA. As such, the Network has recorded the gain on forgiveness of debt in the accompanying consolidated statement of activities and changes in net assets.

June 30, 2021 and 2020

Note 2 - Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The consolidated financial statements and related disclosures include evaluation of events up through and including December 22, 2021, which is the date the consolidated financial statements were available to be issued.

Note 3 - Liquidity and Availability of Resources

The following reflects the Network's financial assets, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of June 30:

	 2021	 2020
Cash and cash equivalents Restricted cash - Capital campaign Receivables Investments Investments - Capital campaign Beneficial interest in trusts Loans and notes receivable	\$ 10,898,279 472,818 4,649,196 12,628,598 - 162,437 6,690,000	\$ 6,419,116 1,289,867 5,413,560 9,951,024 5,550,611 133,376 6,690,000

None of these financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the consolidated statement of financial position date.

The Network has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Network invests cash in excess of liquidity requirements in various short-term investments.

June 30, 2021 and 2020

Note 3 - Liquidity and Availability of Resources (Continued)

The Network also realizes there could be unanticipated liquidity needs.

The Network has a committed line of credit in the amount of \$1,200,000 at June 30, 2021, which it could draw upon if needed to meet general expenditure liquidity requirements, as discussed in Note 13.

The Network's available borrowing capacity through the notes payable discussed in Note 10 is contractually restricted for the Buell Public Media Center capital campaign and cannot be used to meet general expenditure liquidity requirements.

Note 4 - Buell Public Media Center Capital Campaign

Beginning during the year ended June 30, 2016, and completed during the year ended June 30, 2021, the Network embarked on a capital campaign. The Network is committed to being the leader in the reinvention of public media. By changing Colorado's public media landscape through an ambitious capital campaign initiative, the vision of the \$34 million Buell Public Media Center (BPMC) was realized. BPMC houses a replicable model of high-tech media collaboration, original programming, and community involvement. Key funding sources included capital campaign contributions, a land-for-land exchange agreement with the State of Colorado, sale of other land and assets, and a financing structure using New Market Tax Credit (NMTC) and sale of tax exempt bonds.

In order to facilitate the NMTC financing structure, the Network subdivided the Arapahoe Street property pursuant to a Planned Community Declaration for the Buell Public Media Center, and separate ownership units were created (each a "Unit"). The Network donated one of the Units to Emily Griffith Technical College (a Colorado nonprofit corporation), which contributed the Unit, plus cash, to a newly created entity, CMC QALICB, LLC (CMC QALICB) (a Colorado limited liability company), to establish a 95 percent limited membership interest. Furthermore, the Network contributed cash to establish a 5 percent membership interest in CMC QALICB, entered into an operating agreement for CMC QALICB, and accepted its role as managing member of CMC QALICB. The Network does not have control of CMC QALICB due to the participation rights held by the limited member. As such, the Network's investment in CMC QALICB is accounted for as an investment in subsidiary on the consolidated statement of financial position. CMC QALICB constructed and developed the Unit for lease to the City and County of Denver, Colorado.

The Network donated the remaining Units and predevelopment costs to another newly created entity, Rocky Mountain Public Media QALICB, Inc. (a Colorado nonprofit corporation) (RMPM QALICB), a wholly owned subsidiary of the Network, as described in the *Principles of Consolidation* section of Note 2. The Network's investment in RMPM QALICB was in the form of approximately \$2,483,000 of property and equipment and \$5,287,000 of cash, sourced from the capital campaign, and other sources and has been eliminated during consolidation. RMPM QALICB constructed and developed the Units for lease to RMPM, Inc.

The Network loaned the principal amount of \$6,690,000 to Rocky Mountain Investment Fund, LLC (a Delaware limited liability company). Rocky Mountain Investment Fund, LLC used these proceeds, together with other funds invested by Wells Fargo Community Investment Holdings, LLC, the NMTC tax credit investor, to fund a qualified equity investment in Rose Urban Green Sub-CDE, XVI, LLC (a Delaware limited liability company) (the "Sub-CDE"). This note receivable is described in Note 8.

Both these QALICB entities have entered into notes payable to be provided funds to build out their portions of BPMC through qualified low-income community investment (QLICI) from the Sub-CDE. RMPM QALICB's notes payable to the Sub-CDE are described in Note 10. CMC QALICB's notes payable total \$1,960,000. These QUALICB notes payable are secured by deeds of trust on the underlying property and the assignment of leases and rents. RMPM has provided a guarantee on the notes payable.

June 30, 2021 and 2020

Note 4 - Buell Public Media Center Capital Campaign (Continued)

The Network broke ground on BPMC on November 29, 2018 and was placed into service on September 10, 2020. Total capitalized costs incurred by the Network toward the BPMC amounted to \$32,782,596. Total capitalized costs incurred by CMC QALICB toward the BPMC amounted to \$2,269,565.

For the years ended June 30, 2021 and 2020, the Network raised \$130,321 and \$293,289, respectively, in capital campaign contributions and \$14,360,482 in the years prior.

Note 5 - Capital Campaign Pledges Receivable

Included in receivables are several unconditional promises to give generated from the capital campaign. They are included at June 30 as follows:

	 2021	2020
Gross promises to give before unamortized discount Less allowance for uncollectible contributions Less allowance for net present value discount of approximately 3	\$ 1,702,558 \$ (9,105)	2,845,310 (9,105)

....

....

At June 30, 2021 and 2020, the money market funds investment balance included \$0 and \$5,550,611, respectively, of investments restricted and designated in conjunction with the capital campaign.

Investment return consists of the following:

	 2021	2020
Dividends and interest Net realized gains (losses) Net unrealized gains Fees	\$ 357,546 \$ 484,895 1,981,244 (44,150)	465,680 (574,606) 101,140 (31,875)

June 30, 2021 and 2020

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Network's assets measured at fair value on a recurring basis at June 30, 2021 and 2020 and the valuation techniques used by the Network to determine those fair values.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Network has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs, such as interest rates and yield curves, that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Network's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 7 - Fair Value Measurements (Continued)

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Money market funds and mutual funds: Valued at the closing price reported on the active market on which the funds and individual securities are traded.

Beneficial interest in trusts: The fair value of investments held in beneficial interests in trusts include Levels 1 and 2; however, the Network's pro rata share of the interest in the trusts is determined by actuarial assumptions that are not quoted on active markets and, therefore, are classified under Level 3 in the fair value hierarchy.

There were no changes to the valuation techniques used during the period.

Changes in Level 3 assets measured at fair value on a recurring basis for the years ended June 30, 2021 and 2020 are as follows:

	Beneficial Interest in Trusts
Balance at July 1, 2020 Change in value of split-interest agreements	\$ 133,376 29,061

Note 8 - Note Receivable

A note receivable in the amount of \$6,690,000 from Rocky Mountain Investment Fund, LLC (the "Investment Fund") was made as part of the NMTC financing described in Note 4, effective on October 30, 2018, and is due in installments of principal and interest at 1.4647 percent, equal to the amount and with consistent frequency of distributions the Investment Fund receives from the Sub-CDE, to which this note's proceeds were subsequently invested.

The note is collateralized by the Investment Fund's interest in the Sub-CDE and the rights to the distributions from the Sub-CDE, as prescribed by the Sub-CDE's operating agreement, as amended and restated. The note matures on October 30, 2044 but includes the option that, after the end of the NMTC compliance period (seven years from the effective date of October 30, 2018), the fund has the option, but shall not be obligated, to provide for the payment of this note, in whole, by the transfer to the Network of the promissory notes evidencing the CMC QALICB QLICI loan and the RMPM QALICB QLICI loan described in Notes 4 and 10.

Because of the variable nature of the timing of repayment on this note receivable, as it is based on the distributions to the Investment Fund from the Sub-CDE, no amount of the note is considered current, and no maturity schedule has been disclosed.

Depreciation expense for 2021 and 2020 was \$1,209,955 and \$477,379, respectively.

Note 10 - Notes Payable

Notes payable at June 30 are as follows:

	2021	2020
The Network has an obligation under a note payable for property for a mortgage payable to Five Points Media Center. The note is due in monthly installments of principal and interest of \$1,004 through December 2023, with an interest rate of 5 percent and secured by a first deed of trust on an office condominium		\$ 38,361
In October 2016, the Network entered into a note payable to the City and County of Denver, Colorado. The note allows for a total principal amount of up to \$1,500,000 to be borrowed, which includes \$1,000,000 as a performance-based loan at 0 percent interest and \$500,000 as a repayable loan at 2 percent interest. The note is secured by a first deed of trust on property. If the Network remains in compliance with the notes, as defined in the agreement, the performance-based loan will be deemed to be fully paid and satisfied 85 months after the execution of the note payable		1,470,000
In October 2018, the Network entered into an amendment of the October 2016 note payable to the City and County of Denver, Colorado. The amendment authorized an additional principal amount of up to \$1,900,000 to be borrowed under the same terms of the original note payable. If the Network remains in compliance with the notes, as defined in the agreement, the performance-based loan will be deemed to be fully paid and satisfied 85 months after the execution of the note payable		1,780,000

Note 10 - Notes Payable (Continued)

Notes to Consolidated Financial Statements

June 30, 2021 and 2020

2021 2020 On October 30, 2018, in concert with the NMTC financing for the Buell Public Media Center described in Note 4, the Network entered into a financing agreement with PB&T Bank (PB&T), where PB&T agreed to purchase tax-exempt bonds issued by the Colorado Educational and Cultural Facilities Authority (the "Authority"), the proceeds of which were used to make a loan to the Network in the original principal amount of \$12,100,000, maturing on October 30, 2025. The loan was assigned from the Authority to PB&T upon being made, along with the security interests described below. The loan is secured by a set of deeds in trusts: one between RMPM, Inc. and PB&T regarding land units A, B, C, and D, and parking units II, III, and IV of BPMC, according to the Planned Community Declaration recorded, and one between RMPM QALICB and the Authority regarding building units 2, 3, and 4; parking unit I; and terrace unit of BPMC, according to the Planned Community Declaration recorded, the "senior deed in trust." The loan accrues interest at the tax-exempt rate of 4.08 percent, with interest and principal payments due quarterly, but with principal payments deferred until 18 months following the first draw. The loan amortizes over a 25-year amortization schedule, but a balloon payment is required upon maturity \$ on October 30, 2025 5.859.077 \$ 9,504,635 On October 30, 2018, as part of the NMTC financing for the Buell Public Media Center described in Note 4, the Network entered into a pair of promissory notes for \$5,352,000 and \$2,488,000 of qualified low-income community investment proceeds from the Sub-CDE. The notes are secured by a second deed of trust to RMPM QALICB's property in BPMC, including building units 2, 3, and 4; parking unit I; and a terrace unit, according to the Planned Community Declaration recorded. This second deed in trust is subordinated to the senior deed in trust outlined above according to an intercreditor agreement by PB&T and the Sub-CDE. The notes mature on October 30, 2048 and bear interest at 1 percent annually. Quarterly interest-only payments, in the schedule described in the promissory notes, are required until October 30, 2025, at which point, one of the notes requires a one-time principal payment of \$40,000, and then, beginning on March 1, 2026, both notes require principal and interest payments sufficient to fully repay the outstanding principal plus interest in level quarterly payments over the remaining term of the notes 7,840,000 7,840,000 During the year ended June 30, 2020, the Network received \$1,188,407 through the Paycheck Protection Program under the CARES Act. The Network has elected to account for these PPP funds as a loan payable until it is repaid or legal notice of forgiveness is received, under ASC 470. Note 12 - Employee Benefit Plan

The Network has a tax-sheltered annuity plan (the "Plan") under IRC Section 403(b) covering substantially all full-time employees. The Network contributes 100 percent up to 3 percent of the employees' deferrals. In addition, each participating employee has the option to contribute additional amounts on a pretax basis up to the maximum allowable by the IRS. Contributions to the Plan vest immediately. The Network contributed \$153,307 and \$142,135 for the years ended June 30, 2021 and 2020, respectively.

June 30, 2021 and 2020

Note 13 - Line of Credit

During the year ended June 30, 2021, the Network has a \$1,200,000 line of credit with a bank, which bears interest at the U.S. prime rate (3.25 percent at June 30, 2021), plus 0.50 percent, with a floor of 3.75 percent and matures on April 14, 2022. The outstanding balance at June 30, 2021 and 2020 was \$0. The line of credit is collateralized by deposit accounts of the Network.

Note 14 - Operating Leases

The Network leases facilities, equipment, and tower space under noncancelable operating leases through September 2028. Rent expense for the years ended June 30, 2021 and 2020 was \$599,148 and \$743,032, respectively.

Future minimum annual commitments under these operating leases are as follows:

Independent Auditor's Report on Supplemental Information

To the Board of Directors Rocky Mountain Public Media, Inc.

We have audited the consolidated financial statements of Rocky Mountain Public Media, Inc. and its subsidiaries as of and for the years ended June 30, 2021 and 2020 and have issued our report thereon dated December 22, 2021, which contained an unmodified opinion on those consolidated financial statements. Our audit was performed for the purpose of forming an opinion on the 2021 consolidated financial statements as a whole. The supplemental consolidating statement of financial position, consolidating statement of activities, and the subsidiary statements of functional expenses are presented for the purpose of additional analysis rather than to present the financial position, activities, and functional expenses of the individual companies and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the 2021 consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2021 consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2021 consolidated financial statements as a whole.
