GM / Development Reports / Station Update:

Gary reviewed recent challenges and improvements over accounting and switch to NETA Finance: new system is in place and we should be fully normal by end of calendar year. A forensic audit has revealed a sound basis. The audit of FY 21-22 will begin at the end of October. Audit will be submitted for approval in December. Annual report for inclusion in the Prevue program guide will be delayed to March.

Bukola Breczinski has left after 5 extraordinary years, her position has been posted and will close at the end of September.

Political debates have been scheduled. We will assist in the production of the US Senate debate at Gonzaga University.

Civics Bowl: won NETA excellence in community engagement, local category. 2nd session will be produced in March, 2023, will possibly expand to include 10 schools. Planning is underway.

Dawn: kudos to Skyler Reep, membership director, who compiled the annual development report and successfully executed the FY 21-22 fundraising plan. \$4.7 million in revenue, decrease in membership 3%. 44% of membership are sustainers. Strategies are in place to compensate for declining membership, especially in Canada.

Committee Reports:

Education Committee: no report

Governance Committee/ Civic Health: update by Gary: challenge is to identify a new project after Civics Bowl. Public discourse? For now, we'll focus on Civics Bowl and push that publicly, solidify partnership with League of Women Voters. Podcasts with Civics Bowl participants? **Arts & Culture**: reconvening with appointment of new chairperson, emphasis on local diverse culture. Podcast studio has been created, increase synergy with Inland Sessions, etc.

Development Committee: no report

Workforce Development: 100 job profiles, 14 new profiles, looking for a CENW coordinator hire, looking for input for new job profiles. Sponsorships are in excess of \$800,000, kudos to Jason Miller.

Canada Update and Group Discussion: Canadian membership continues to decline, and at this point we have no Canadian Board members. There are increased barriers to watching KSPS in Canada as "cords are cut" and major carriers are less willing to carry PBS programming. Work is underway to find a strategy to increase viewership. Membership is still at 8000 in Canada, Canadian revenue is approximately \$1,200,000.
