LETTER CARD ACTIVITY SHEET

As you help your child get ready for kindergarten this summer, here are some recommended educational activities you can do with your child using the provided alphabet cards.

CUTTING

Guide your child in cutting the letter cards on their own. These tips can help improve cutting skills:

- Keep the elbow on the table while cutting.
- Ensure the thumb stays on top. It can be helpful to put a sticker or mark on the part of the scissors where the thumb goes and instruct the child that they should be able to see it when they are cutting.

LETTER OF THE DAY

Choose one letter each day to focus on. Talk about its name and the sound it makes. Find ways to incorporate this letter into your daily activities.

Examples:

- Search for the letter on signs.
- Draw pictures of words that start with that sound.
- Build the letter using playdough or other materials.
- Have your child trace the letter with their index finger.

LETTER SEARCH

Spread three or more cards onto the floor. Say one of the letter names displayed out loud and have the child find the letter. Increase the number of letters spread out as the child's letter knowledge increases.

ALPHABETIZE

Mix up the cards so they are no longer arranged from A to Z. Work together to lay the cards down in alphabetical order. Sing the "ABC" song as you do this to help children remember which letter comes after which.

WORD BUILD

Pick words with three letters for your child to build. For example, "cat." Work together to sound out the word one letter at a time. Find these letters to build the word. Once the word is built, say the individual sounds one more time followed by the whole word.
