Independent Auditor's Report

Board of Directors
Friends of Montana PBS, Inc.
Bozeman, Montana

Opinion

We have audited the accompanying financial statements of Friends of Montana PBS, Inc. (the "Organization"), a nonprofit organization, which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Friends of Montana PBS, Inc. as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Friends of Montana PBS, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Friends of Montana PBS, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Friends of Montana PBS, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Friends of Montana PBS, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies

Organization

The Friends of Montana PBS, Inc., is a not-for-profit organization under Internal Revenue Code Section 501(c)(3) and is classified as other than a private foundation. Friends of Montana PBS, Inc. raises funds to provide financial and other support to KUSM-TV, a public television station under license by Montana State University (MSU) and KUFM-TV, a public television station under license by the University of Montana (UM). The support provided includes fundraising, positive community relations, a volunteer system, and related administrative services.

The administration of the Organization is provided by a volunteer Board of Directors consisting of 8 to 26 members. One member of the Board of Directors shall be the General Manager of KUSM and one member the General Manager of KUFM. One member shall be the President of Montana State University and one member shall be the President of the University of Montana or a person designated annually by the respective Presidents to serve on their behalf.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Net Assets

The Organization is required to report information regarding its financial position and activities according to two classes of net assets. A definition and description of each class follows:

Net Assets Without Donor Restriction - Net assets available for use in general operations and not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by the board of directors. The governing board has designated, from net assets without donor restrictions, a board-designated reserve and a board-designated endowment fund.

Net Assets With Donor Restriction - Net assets subject to donor- or certain grantor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other explicit donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Cash and Cash Equivalents

Cash equivalents are defined as all cash and short-term investments with an original maturity of three months or less, unless restricted by the donor to long-term investments. Account balances held in financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per bank, per depositor. The Organization has not experienced any losses in such accounts. As of June 30, 2022 and 2021, funds exceeded federally insured limits by \$1,169,562 and \$247,324, respectively.

Friends of Montana PBS, Inc.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Inventories

Inventory consists of membership premium items, which are valued at the lower of cost or net realizable value by methods approximating a first-in, first-out basis. Net realizable value is defined as the estimated selling price, less reasonably predictable costs of completion and disposal.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates and assumptions made by management include, but are not limited to, the allowance for doubtful accounts and certain inventory valuation allowances. Actual results could differ from these estimates.

Donations

Donations consist of funds raised through on-air pledge drives, direct mail solicitations and door-to-door solicitations. Donations are recognized as revenues in the period cash or assets are transferred or unconditional promises are secured. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at date of receipt.

Pledges receivable (unconditional promises to give) that are expected to be collected within one year are recorded at net realizable value. In the absence of donor stipulations to the contrary, promises with payments due in future periods are restricted to use after the due date. Pledges receivable are stated at the amount management expects to collect from outstanding balances. All pledges receivable are expected to be collected within one year. Management provides for probable uncollectible amounts through a valuation allowance based on its assessment of the current status of individual accounts and prior experience. Management has estimated the allowance for uncollectible pledges receivable to be \$46,088 and \$31,964 as of June 30, 2022 and 2021, respectively. Balances that are still outstanding after management has used reasonable collection efforts are written off. Changes in the valuation allowance have not been material to the financial statements.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets are limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations. Expirations of restrictions on net assets (i.e. the donor stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Membership Dues

Members pay annual dues in the amount of \$35 or \$25 for seniors. In return, members receive a Montana PBS program guide each month.

Friends of Montana PBS, Inc.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Concentration of Income

The Friends of Montana PBS, Inc. receives over 90% of its revenue from donations and membership dues.

Advertising Expenses

Advertising and promotional costs are expensed as incurred. Advertising and promotional expenses charged to expense totaled approximately \$12,071 for 2022 and \$6,745 for 2021.

Functional Expenses

Directly identifiable expenses are charged to programs and supporting services. If expenses are attributed to more than one program or supporting function, they are allocated on the basis of estimates of time and effort. For the years ended June 30, 2022 and 2021, all expenses were directly assigned to programs and supporting services.

Income Taxes

The Organization, since inception, has elected under Section 501(c)(3) of the Internal Revenue Service to be a tax-exempt organization other than a private foundation. Accordingly, no provision for income taxes has been recorded. The Organization's information returns (Form 990) are open to examination by the IRS, generally, for three years after they were filed or the due date of the return, whichever is later.

Subsequent Events

The Organizations have evaluated events and transactions for potential recognition or disclosure in the financial statements through January 27, 2023, which is the date the financial statements were available to be issued.

Friends of Montana PBS, Inc.

Notes to Financial Statements

Note 2: Liquidity and Availability

The following reflects the Organization's financial assets as of June 30, reduced by amounts not available for general use within one year due to donor or other restrictions limiting their use:

<i>As of June 30,</i>	2022	2021
Financial assets		
Cash and cash equivalents	\$ 1,837,166	\$ 769,354
Pledges receivable	875,670	502,586
Investments	3,847,165	3,466,656
Total financial assets	6,560,001	4,738,596
Unavailable for general expenditure in one year		
Net assets with board designation	(1,278,654)	(1,278,654)
Net assets with donor restrictions	(4,711,688)	(2,831,601)
Total restricted funds	(5,990,342)	(4,110,255)
Assets available for use	\$ 569,659	\$ 628,341

The Organization is substantially supported by restricted contributions and donations. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. The Organization anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize investment of available funds.

Note 3: Payments to Affiliates

The Friends of Montana PBS, Inc. has an agreement with Montana PBS which is made up of KUSM and KUFM. Per this agreement, the Friends will raise funds for Montana PBS, invest the funds and provide a reasonable budget for its operating and administrative expenses.

Pursuant to the affiliation agreement, each station agrees to present to the Organization an annual network agreement specifying the funds to be allocated among the MSU station and the UM station. The Organization will disburse the allocated funds in accordance with the agreement within a reasonable time, but not later than the last day of the fiscal year. In the years ended June 30, 2022 and 2021, the Organization paid in periodic payments to MSU \$1,533,415 and \$1,596,918 for support, and \$564,636 and \$399,229 to UM, respectively.

Total	\$ (427,740)	\$ 270,531

Note 5: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosure*, defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined under ASC 820 as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs.

The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable, and the last unobservable, that may be used to measure fair value, which are the following:

Friends of Montana PBS, Inc.

Notes to Financial Statements

Note 5: Fair Value Measurements (Continued)

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted market prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that the observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

Following is a description of the valuation methods used by the Organization for assets measured at fair value. There has been no change in the methodologies used at June 30, 2022 and 2021.

Mutual funds -Valued at the daily closing price as reported by the fund. Mutual funds held by the entity are openly traded open-ended mutual funds and are required to publish their daily net asset value (NAV) and to transact at that price.

Certificates of deposit - Valued at rates currently offered for deposits of similar remaining maturities.

The following presents the Organization's assets measured at fair value on a recurring basis as of June 30, 2022 and 2021:

	Total Assets at Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
