

In Latin American cultures, the transition from girlhood to womanhood is celebrated on a girl's 15th birthday with an event known as the Quinceañera. This event brings families together for a party filled with meaningful symbols that signify a farewell to childhood and the beginning of her new role as a woman in society. This documentary focuses on various birthday celebrations across different social strata in Mexico, highlighting the sociological themes associated with this significant occasion. Writer Guadalupe Loaeza offers insights and commentary on this cultural phenomenon.
