PBS North Carolina is proud to partner with state and local agencies as well as first responders to help keep communities secure.

You Help North Carolina Stay Safe and Informed

When you became a member of PBS North Carolina, you did so much more than simply support the public television programs you know and love. You brought the power of public media to homes across our state, impacting the lives of countless North Carolinians every day.

Did you know that the same technology we use to bring you your favorite PBS shows is also used to provide first responders with faster access to vital information during emergencies across our state?

PBS North Carolina is upgrading its technical infrastructure to deliver a stronger, more reliable signal for you and for the people who count on us in emergencies. In remote communities, this service is particularly critical—when first responders receive instant alerts, more lives are saved.

Thank you for being a member of PBS North Carolina. Your support continues to make a difference in the lives of everyone who calls North Carolina “home.” We’re grateful to be here for you.
