# New Year, New Plans

January brings excitement and opportunities for a fresh start. Many look to boost their physical and fiscal health. Resolutions, aspirations and new perspectives abound.

At PBS North Carolina, we're busy developing programs and educational resources for you. 2023 also brings a major overhaul of the heating and air system in our studio.

Financial planning is often a part of the new year for many of us. A Legacy Society member from Pittsboro recently inquired about improved rates for our charitable gift annuities. He knows that gift annuities are a great way to be charitable and tax-smart while receiving an income too.

Some of you are already planning to attend our estate-planning webinar this spring, and many supporters have told us they'll be making a charitable distribution to PBS North Carolina from their retirement plans. We're honored to be a part of your new year. Thank you for your generosity!

## START 2023 OFF ON THE RIGHT FOOT

Join us for our **Healthy Resolutions** block of programs on Sunday, January 1, 11 AM–3:30 PM, on PBS NC. Check out the TV listings on page 4 for a complete schedule of programs.

A 1991 article on resolutions from *Modern Maturity* magazine advises readers to "slow down and smell more roses."

That still seems like good advice more than 30 years later. Here's to a healthier lifestyle!

Find your center with **Easy Yoga: The Secret to Strength & Balance with Peggy Cappy**, Sunday, January 1, 11 AM, on PBS NC.

**WATCH!**

## Read-a-roo's Block Party

Curiosity about space starts very early. Who better to ask about space than an alien boy named Jet Propulsion? **Ready Jet Go!**, a series for ages 5 to 8, is a kid's first introduction to space, earth science and technology. Binge the series every weekend this month with **Read-a-roo's Block Party** on Rootle.

## Let's Make a Map

Does your child know their route to school? Drawing a map is the perfect way to figure it out.

Walk, bike or ride a car together from home to your child's school. Ask them what landmarks they notice. Back home, ask them what they remember, and then work with them to draw their route. For more family inspiration, visit [pbs.org/parents](http://pbs.org/parents).

**PLAY!**

**EXPLORE!**

## Get Ready for Adventure

Introducing **Explore NC**, our new app for kids. Designed for ages five to ten, this free AR app offers young learners and their families a fun and immersive way to explore the state's attractions from wherever they are.

Explore NC is available for iOS and Android devices at Apple and Google app stores. Scan this QR code to download the app and start exploring today!
