KINDERGARTEN: 1st Place "Gus Goes to Outer Space" by Leo

Coral Academy of Science

Gus finds a rocket ship in the forest and he fixes it up.

Gus looks on his phone and learns how to fly the rocket ship. He gets a truck to go to the airport to get ready to fly for duty.

Gus is ready for BLASTOFF! He wants to go somewhere hot and sees the sun. He's not there yet, but he believes he can get there.

Gus prepares to lands on the sun. He turns off the engine and lands.

Gus tries to get on the sun, but with regular shoes it hurts him. He changes into his sun shoes so he is able to walk on the sun!
