"Someday I will be a Baker"

by Ella

Elizabeth Lenz Elementary School

When I grow up I want to be a baker.
A baker is hard-working, kind, helpful, and nice.
They are hard-working because they come early
in the morning to start the sweets.

The sweets take a long time to make because
the dough takes time and the toppings take time
too. A baker bakes a lot of things like apple pies,
croissants, pastries, cakes, and many more.

The pastries are my favorite because they have
really good fillings. I think the fillings take a
long time to make because they are so good!

Bakers usually work in bakeries because
they need somewhere to bake their desserts.
If they didn't have a bakery, they probably
wouldn't have somewhere to bake.

They also need somewhere to display their
yummy treats. That's why a baker needs
a bakery. Bakers don't just make breakfast,
they make all the meals of the day.

For breakfast they can make pastries. For lunch
they can make ham and cheese croissants.
For dinner they can make steak croissants.

I will probably not make dinner at my bakery
because I don't really want to be working all day.
I want to be a baker because I love to bake.

I helped bake my brother's first birthday cake
and made brownies for him when he was sad.
