"The King of the Capybaras"

by RJ

Hidden Valley Elementary School

You are probably wondering who King Capybara is. Well, King Capybara is a warrior that fought a long time ago. But he fought with a wooden sword.

King Capybara saved many people near his castle. There was a dragon that attacked his castle. It was a terrible, fiery beast. His name was Smokey.

King Capybara saw Smokey destroy his castle so he went on a journey through a magic forest to find Smokey's cave. He left at 1:00am.

King Capybara found Smokey's cave. King Capybara destroyed Smokey while he was sleeping and took his wood bricks and other materials. He brought back everything so he can rebuild the castle.

King Capybara built the castle again. The castle was more beautiful than ever before. The people cheered King Capybara and then he became the greatest warrior ever.
