## “The Amazing Baker Lilly” by Lilly

Caughlin Ranch Elementary School

One day, my grandma and I were baking brownies at her house. First, my grandma and I were putting all of the ingredients in the bowl. Next, we cracked eggs and we added white milk and brown chocolate powder. My grandma put the mix into a pan. Then, she put it in the hot oven. While we were waiting, I was playing with my sister and little brother. We were playing with magnets. We put the magnets on the ground. While we were playing, we could smell the delicious brownies. We felt so good about smelling the baking brownies. Finally, my grandma pulled them out of the oven. We had to wait for the brownies to cool down. At the end, my grandma cut a piece for me, my sister, and for my little brother. We ate happily. I'm so happy to make brownies with my grandma.
