

### STEM Works: Reno Orthopedic Center

*At the ROC, orthopedic surgeons use robots and augmented reality to assist with orthopedic surgeries. Surgeons need to be flexible and have multiple backup plans in case something goes wrong. Imagine a goal you are working toward—like studying for your next big test, trying to master a new hobby, or getting better at a sport. Use the space below to make a plan A, B, C, and D to help you approach achieving this goal. Remember, backup plans are in place for when Plan A fails!*

**Goal:**

**Plan A:**

**Plan B:**

**Plan C:**

**Plan D:**
