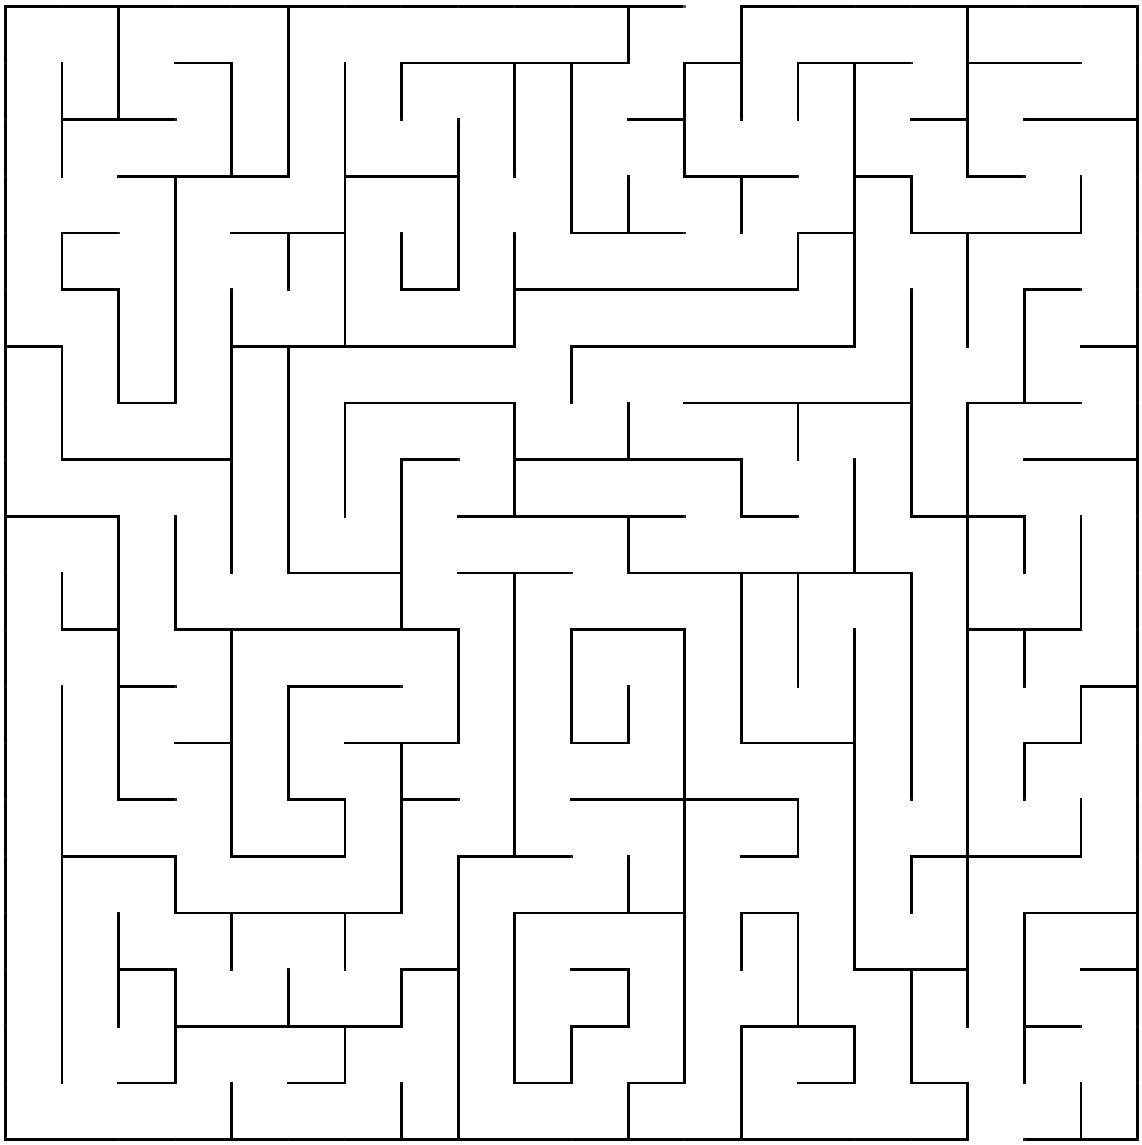
STEM Works

CLASSROOM ACTIVITY | RESOURCES

STEM Works: Google

Imagine you are a data center technician at a Google Data Center and one of the server computers that keeps Google working just broke. Complete the puzzle below to find your way through the maze of hardware to get to the broken machine. But hurry! Without this server, the world will have to learn to live without Google!

You are here:



Congratulations! You made it to the broken server in time! As a data technician, now it's your job to get Google back up and running!
