Reduce Your Business's Energy Expenses and Boost Your Bottom Line

PowerShift Business Energy Services provides cash back to business customers who submit incentive applications for existing facility improvements, major renovations and new construction projects. Business Energy Services has helped Nevada customers save more than 2.4 billion kWh, which equals \$182 million in savings.

Energy management is one of the most promising profit improvement and cost reduction strategies available for businesses. Upgrading to newer and more efficient technology saves energy and money.

The program offers retrofit incentives for equipment upgrades including lighting, cooling, commercial kitchens, compressed air and other measures. New buildings that exceed energy code requirements by 5% or more may be eligible for new construction incentives. Energy efficiency offers long-term cash

savings, reduced operating costs, improved occupant comfort, and reduced carbon footprint. Plus, the program trains contractors to become part of the Contractor Network. These professionals support projects every step of the way, from selecting and installing equipment, to completing the incentive application and ensuring customers get the highest possible savings.

Get a free interactive Business Energy Savings Guide to learn more about energy efficiency projects that qualify for cash incentives.

Ready to get started with a project? Talk with an Energy Advisor today by calling 1-800-342-6335 or visit nvenergy.com/bes to learn more.

\$10 MILLION MARKETABLE SECURITIES AND/OR LIQUID ASSETS REQUIRED. Investment and Wealth Management Services are provided by Whittier Trust Company and The Whittier Trust Company of Nevada, Inc. (referred to herein individually and collectively as "Whittier Trust"), state-chartered trust companies wholly owned by Whittier Holdings, Inc. ("WHI"), a closely held holding company. This document is provided for informational purposes only and is not intended, and should not be construed, as investment, tax or legal advice. Past performance is no guarantee of future results and no investment or financial planning strategy can guarantee profit or protection against losses. All names, characters, and incidents, except for certain incidental references, are fictitious. Any resemblance to real persons, living or dead, is entirely coincidental.

Never have the words, “Yes sir,” been so cutting as when I heard it from my sister. My authority within the family business had caused a rift in the family. Somewhere along the way, I’d stopped being a brother and became the CEO and chairman of the board instead. That’s when Whit suggested that our annual charity golf tournament was the perfect opportunity to recapture some of the family magic of our childhood. A few laughs and a round of golf later, we’d reworked the business so Whit could handle decisions involving the family and I could focus on being a brother. Sometimes the big picture becomes clearer when you focus on **the little things**.

— David, San Diego

GHOST ARMY

THE COMBAT CON ARTISTS OF WORLD WAR II

EXCLUSIVELY SPONSORED

**E.L. Wiegand
Foundation**

Reno, Nevada

ON VIEW THROUGH JULY 23, 2023

Discover the story of the US Army's 23rd Headquarters Special Troops, known as the "Ghost Army," whose soldiers elevated battlefield deception to an art form during World War II. The unit consisted of a carefully selected group of artists, engineers, professional soldiers, and draftees, including famed artists such as fashion designer Bill Blass, painter Ellsworth Kelly, and photographer Art Kane. The unit waged war with inflatable tanks and vehicles, fake radio traffic, sound effects, and even phony generals – using imagination and illusion to trick the enemy while saving thousands of lives.

Armed with nothing heavier than .50 caliber machine guns, the unit participated in 22 large-scale deceptions in Europe and helped liberate Europe from the grip of Nazi tyranny.
