**Gods Of Tennis:** Rebels, rockstars, revolutionaries. On court, they were legends. Off court, they challenged the world. Ashe, McEnroe, Borg, King, Navratilova, Evert - the golden age of tennis.

### GREAT PERFORMANCES

### MASTERPIECE

### NATURE

**Dog Tales:** Researchers explain how humans tamed canines over tens of thousands of years, and how dog intelligence and behaviours made them indispensable companions.

**Kilauea - Hawaii On Fire:** Hawaii's Kilauea volcano erupted in 2018, sending rivers of lava through communities and into the sea. Join scientists and local residents as they investigate the frightening spike in volcanic activity that turned an island paradise into an inferno.

### POV

**Fauna:** Set in a rural area in the outskirts of Barcelona, Pau Faus's keen-eyed, witty and compassionate second documentary Fauna... juxtaposes the life of a local goatherd and life in a nearby research laboratory to explore the tangled contemporary relationship between man, nature and science.

**Straight No Chaser:** A cappella group Straight No Chaser, formed 25 years ago at Indiana University, have sold more than three million albums, more than 1.5 million concert tickets, and garnered over a billion streams. They returned to Indiana to tape this concert at the Murat Theatre, performing classics like "Proud Mary" and "Lean on Me" as well as contemporary songs like "I'm Yours" and "All About That Bass."

**VOCES - Almost American:** In 2018, the Department of Homeland Security terminated Temporary Protected Status (TPS) for almost all TPS holders -- foreign nationals from countries beset by civil unrest, violence, or natural disaster who are permitted lawful residence in the United States, the majority of whom are from El Salvador, Honduras, and Haiti. The decision left American families on the brink of a family separation crisis -- not on the border, but in communities across the United States.
