

Mr. Blueberry

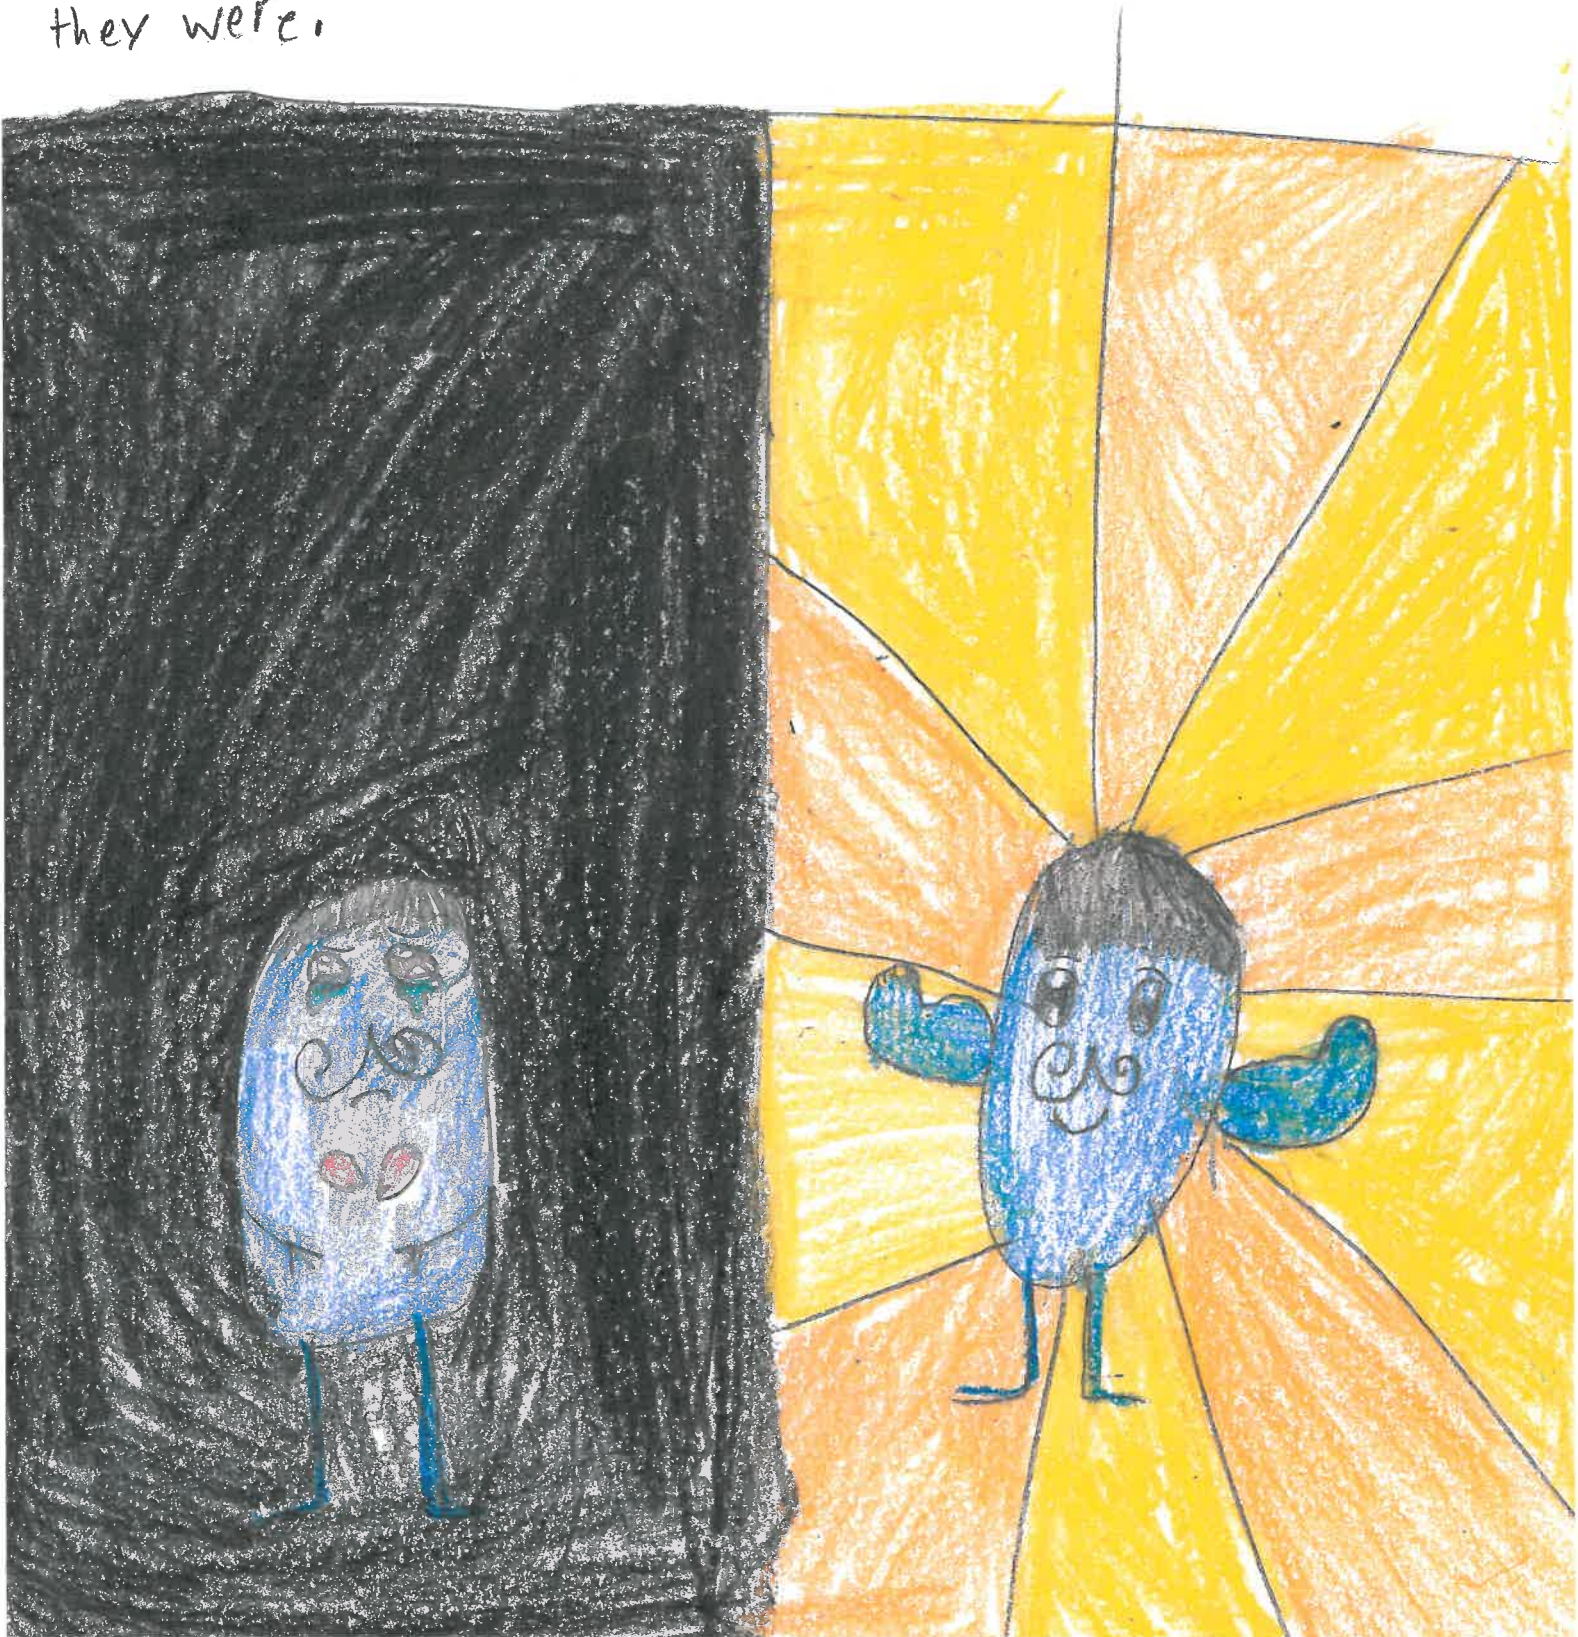

written and illustrated
by Eliza V. [REDACTED]

I am Mr. Blueberry, I live in a container
of 15 with Mrs. Blueberry and our 13
Children.

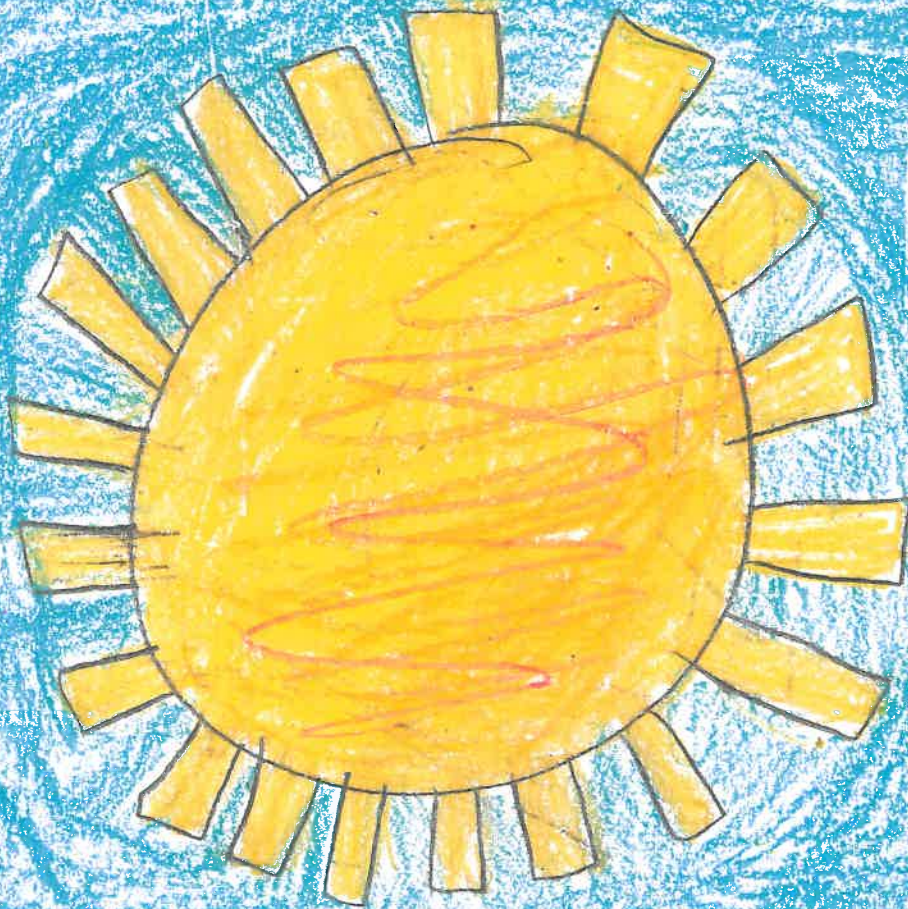

But when Mr. Blueberry was sleeping,
an Evil Strawberry took five of his baby
berries, leaving him with eight. He was heart broken.
Mr. Blueberry decided to be strong and figure out where
they were.

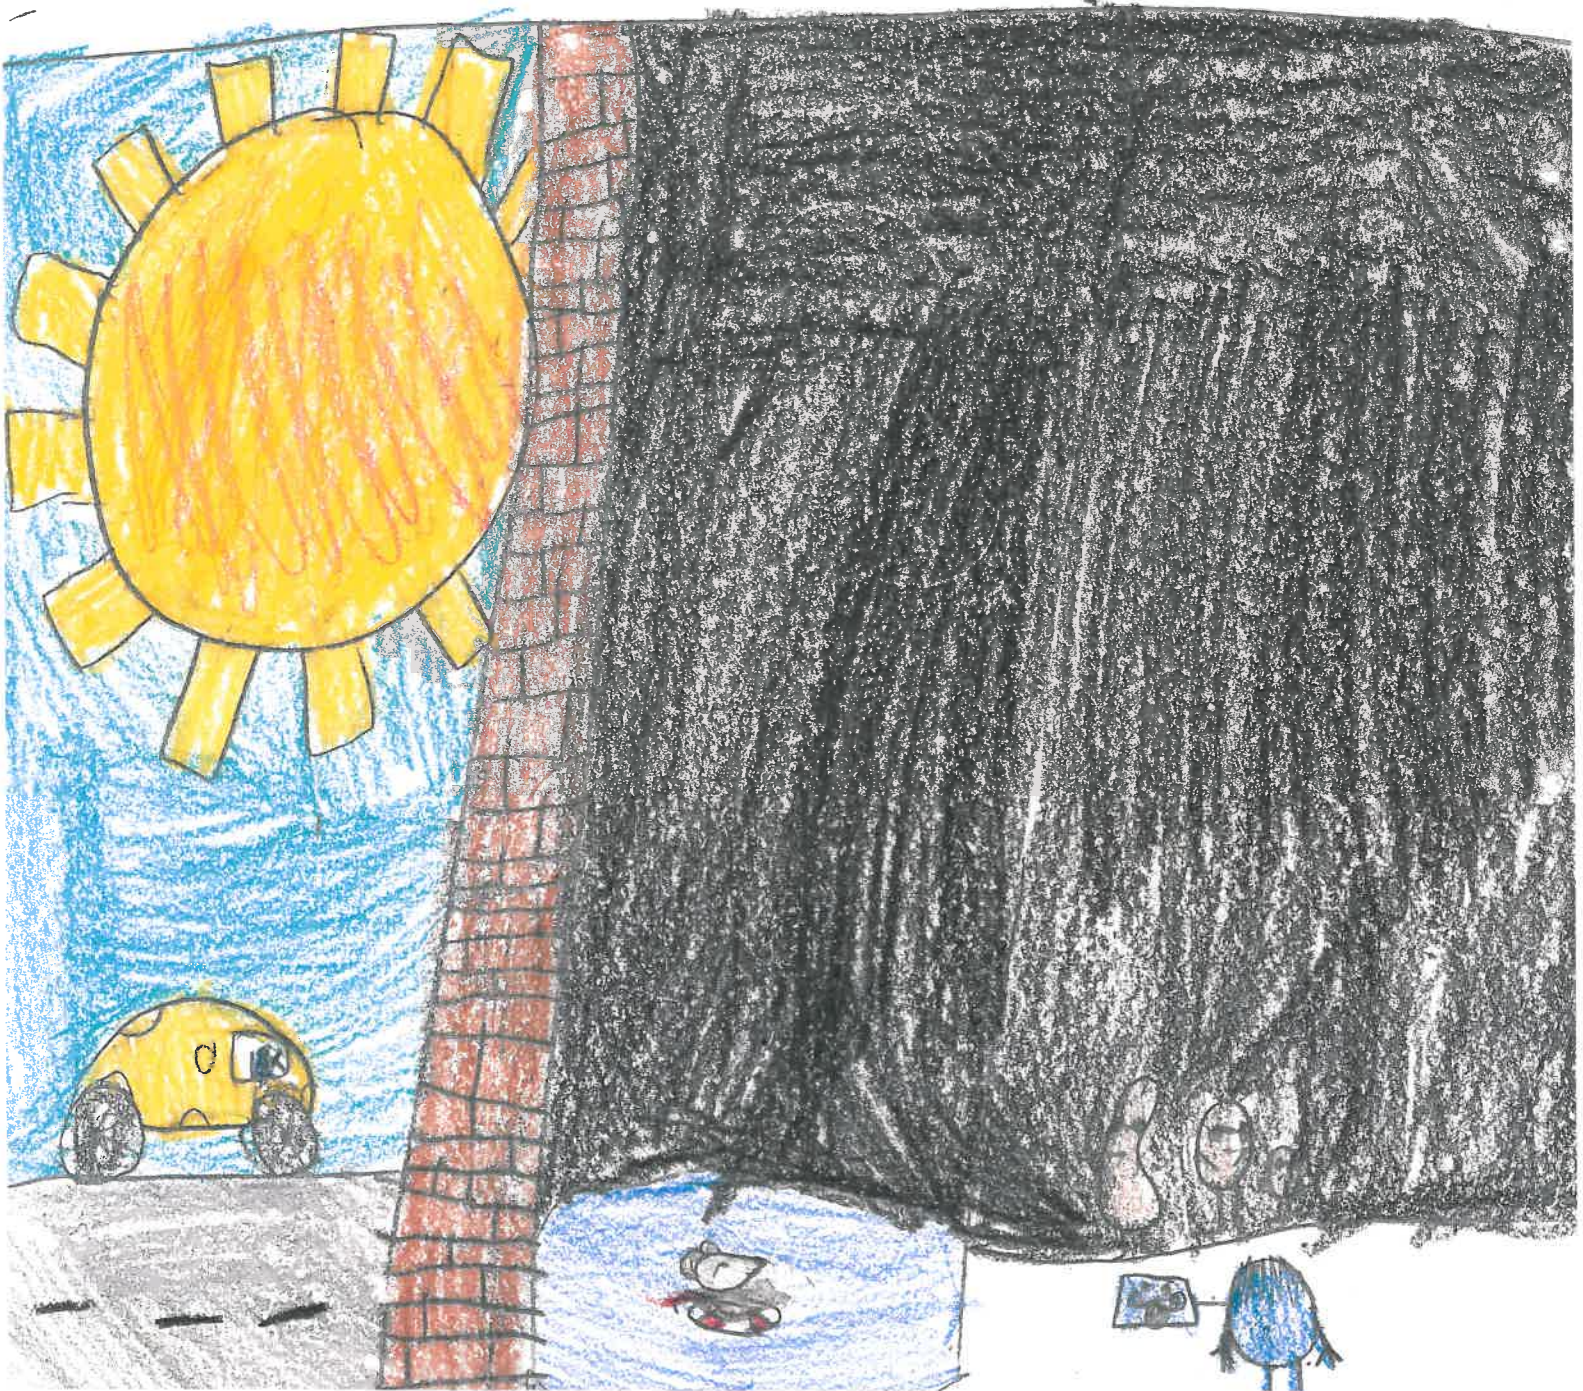

First, he looked in the closet. Mr. Blueberry doesn't know that Evil Strawberry took them.

Mr. Blueberry checked the basement, the attic and even the laundry chute. Then he attempted to look out side, and that's when he picked it up, and it said "Hey, Squish face! I am Evil Strawberry. I took your children to make blueberry pie."

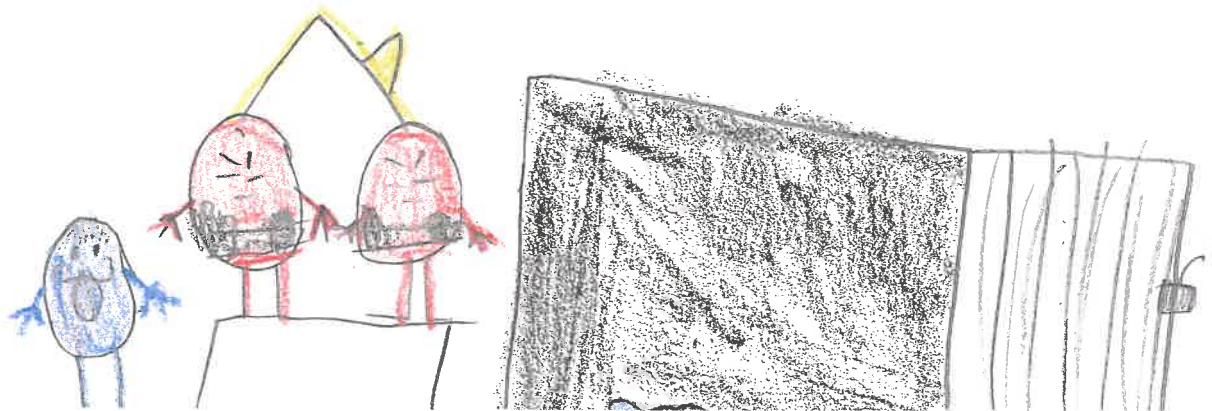

I know were to go, thout Mr. Blueberry,
He got into his car and went to a dark
place where thousands of rats swam in
the sewer water, and that's when he saw
the vanilla bean secarite guards,

He had to Sneak PAST them. They nearly caught him. Mr. Blueberry got half way there when Evel Strawberry came out and they captured him. He was stuck like Juice in a box.

Mr. Blueberry knew he had to call
the Cherry department immediately. They
came as fast as lightning. When they arrived,
they let his kids out of jail in the nick of time.
To this very day Evil Strawberry is in jail.

point that he turns into strawberry jam.
