Abandoned Vehicles Tagged for Removal from Bovoni Housing Community

US VIRGIN ISLANDS -- The Office of the St. Thomas/Water Island Administrator in conjunction with the Virgin Islands Housing Authority (VIHA) and the Virgin Islands Police Department on Wednesday, October 23, 2024, tagged and gave official notice to owners that their vehicles were abandoned and derelict.

VIHA staff had given residents prior notification to address those vehicles that were left on the premises of the Bovoni Housing Community. As a result, the operation was conducted, and the task force will return to have all vehicles not addressed by owners removed from the Bovoni residential community and taken to the landfill.

The last registered vehicle owner will have a lien placed against their drivers license and any future vehicle registrations will incur a fine of \$1,000 and will have to reconcile before the lien can be released.

The task force will return on Monday, October 28, 2024, to begin the vehicle removal process. If you are the owner or last registered individual for any of the vehicles listed below, please remove said vehicle on your own before the task force does it for you!
