

WTVP PUBLIC FILE REPORT 2015-2016

Description of Long-Term Initiatives

Participation in Job Fairs: Our Studio Supervisor, Tracy Simmons, who is responsible for entry-level hiring, manned one full-day recruitment booth during the year. The "2015 Fall Internship Fair" was held at Bradley University in Peoria, IL in August 2015. She also visits with TV/radio and theater students at Illinois Central College and talks with students about the television industry. The focus of the job fair and college visits is recruitment for various crew positions. These positions provide training in camera operation, lighting and sound, set preparation, and remote productions. The experience gained has been successful in preparing crew members for employment in television - either at WTVP or elsewhere. Registration and plans have been made to attend another job fair in the Fall of 2016.

Internship Programs: There were no interns during the fiscal year.

Internship programs have been established with Bradley University, Illinois State University, Illinois Central College, Southern Illinois University – Carbondale, Eastern Illinois University, Eureka College, and Olivet Nazarene University. These internships have reiterated that broadcast television is still a viable employment opportunity and have attracted a wide range of part-time employees.

Training Program for Station Personnel: Part-time crew members are being cross-trained for more production responsibility and for Master Control responsibilities. We currently have seven part-time crew members who have moved into master control and/or directing and three of them are producing their own local on-air show. They continue to learn new skills and take on more responsibilities. Part-time Master Control employees are being cross-trained in Traffic, Information Technology, and Editing. These programs encourage those in our entry-level positions to learn new skills in preparation for possible careers.

Participation in Other Activities to Disseminate Employment Information: Another means of obtaining entry-level employees is through our relationships with certain community organizations specializing in underserved populations. In addition to being notified of specific job openings at WTVP, these organizations are encouraged to refer job hunters to WTVP to apply for entry-level positions. Examples of these organizations are Tri-County Urban League and the Carver Community Center, both in Peoria, IL, and Carver Community Action Agency in Galesburg, IL.

Sponsorship of Community Events: WTVP encourages tours of our facility by school groups, community agencies, and the general public. Over 150,000 people have visited our facility over the past fifteen years. During tours, we emphasize broadcasting as a career choice and WTVP's specific need for talented and interesting individuals. This has resulted in a continuing varied pool of applicants. Some of these applicants have gone on to be employed by the station in various capacities.
